

DEPARTMENT OF BEHAVIORAL HEALTH

NOTICE OF SECOND PROPOSED RULEMAKING

The Interim Director of the Department of Behavioral Health (“the Department”), pursuant to the authority set forth in Sections 5113, 5115, 5117 and 5118 of the Department of Behavioral Health Establishment Act of 2013, effective December 24, 2013 (D.C. Law 20-61; D.C. Official Code §§ 7-1141.02, 7-1141-04, 7-1141.06 and 7-1141.07 (2012 Repl.)), hereby gives notice of her intent to adopt a new Chapter 63, “Certification Standards for Substance Use Disorder Treatment and Recovery Providers”, to Subtitle A (Mental Health) of Title 22 (Health) of the District of Columbia Municipal Regulations (“DCMR”).

The purpose of this new rule is to: 1) generally update the substance use disorder treatment and recovery service requirements to reflect improvements in the American Society of Addiction Medicine (“ASAM”) practice guidelines; 2) align the certification requirements with other certified programs within the authority of the Department of Behavioral Health; and 3) include the requirements of the Adult Substance Abuse Rehabilitation Services (“ASARS”) State Plan Amendment (“SPA”) which, when approved, will allow Medicaid reimbursement for services falling within the ASARS requirements. Substance use disorder providers currently certified pursuant to Chapter 23 of Title 29 (Public Welfare) will be required to be certified pursuant to this new rule, in accordance with the schedule detailed in the rule, and Chapter 23 will be repealed effective May 31, 2016. Providers not previously certified pursuant to Chapter 23 will be required to become certified pursuant to this chapter in order to provide substance use disorder treatment or recovery services.

The first Notice of Proposed Rulemaking was published on February 6, 2015 in the *D.C. Register* at 62 DCR 001611. Comments were received from three organizations. Many of the comments were incorporated to eliminate duplicate educational requirements for HIV/AIDS and to allow greater flexibility in the building framework for residential facilities serving more than one gender. Minimum hours of certain services were amended to reflect the providers’ comments requesting greater clinical flexibility to individualize treatment services based upon a client’s needs. Also an expansion of caseloads for Clinical Care Coordinators and case managers, and an increase in group sizes was made in response to provider comments. Other comments that requested changes that did not align with the SPA or the District’s Health Professional Licensing Administration (HPLA) requirements were not accepted. Similarly, requests to limit standards of service to those providers who are reimbursed by the District were not accepted, as these standards set the basic quality of care that should be met by all SUD providers. A request to change the certification method was also not accepted as the Department is working to have a single certification process for all providers it certifies in order to simplify the burden for providers; the requested change would not enhance that process. Finally the Department changed the certification schedule for current providers to reflect the new anticipated effective date of these rules.

The Interim Director gives notice of her intent to take final rulemaking action to adopt the proposed rules in not less than thirty (30) days from the date of publication of this notice in the *D.C. Register*.

Subtitle A, **MENTAL HEALTH**, of Title 22 DCMR, **HEALTH**, is amended by adding a new Chapter 63 to read as follows:

**CHAPTER 63 CERTIFICATION STANDARDS FOR SUBSTANCE USE
DISORDER TREATMENT AND RECOVERY PROVIDERS**

6300 GENERAL PROVISIONS

- 6300.1 The Department of Behavioral Health (“Department”) is the Single State Agency (“SSA”) responsible for the development and promulgation of rules, regulations, and certification standards for prevention and treatment services related to the abuse of alcohol, tobacco, and other drugs (“ATOD”) in the District of Columbia (“District”). The Department is responsible for the inspection, monitoring, and certification of all District of Columbia substance use disorder (“SUD”) treatment and recovery providers.

- 6300.2 The purpose of these rules is to set forth the requirements for certification of programs providing SUD treatment or recovery services, including those providing services under the Medicaid Adult Substance Abuse Rehabilitative Services (“ASARS”) program.

- 6300.3 Providers seeking certification shall specify if they will be serving youth through the age of twenty (20); serving adults ages twenty-one (21) and over; or both. Providers serving youth shall be known as Adolescent Substance Abuse Treatment Expansion Program (ASTEP) providers.

- 6300.4 Each certified provider that seeks reimbursement from the District shall enter into and maintain a Human Care Agreement (“HCA”) with the Department. Those providers receiving Medicaid reimbursement shall also enter into and maintain a Medicaid provider agreement with the Department of Health Care Finance (“DHCF”).

- 6300.5 No person or entity shall own or operate a program that offers or proposes to offer non-hospital SUD treatment services without being certified by the Department pursuant to this chapter. This chapter does not apply to Health Maintenance Organizations, physicians, and other licensed behavioral health and medical professionals in individual or group practice.

- 6300.6 Providers who are certified as an SUD treatment or recovery program pursuant to Title 29, Chapter 23 of the District of Columbia Municipal Regulations prior to the effective date of this rule, may retain their certification until May 31, 2016, until the expiration of their current certification under Chapter 23, or until certification pursuant to this chapter is issued, whichever date comes first.

- 6300.7 Any provider certified pursuant to 29 DCMR Chapter 23 wishing to continue to provide services as an SUD treatment or recovery program must have submitted a

completed certification application for all certified services to the Department in accordance with the schedule below and prior to the expiration of their current certification. If a provider has more than one program (level of care) or more than one facility, each with its own certification, the provider must submit its application for all of its facilities or programs at the time the provider's first certification falls due.

- 6300.8 Certification applications for new programs must be submitted at the time the provider's first certification is due as follows:
- (a) Level I, Level II, and Medication Assisted Therapy ("MAT") providers: all applications are due by September 1, 2015;
 - (b) Level III and Level R providers not already submitted per (a): all applications are due by December 1, 2015.
- 6300.9 To obtain certification, an SUD treatment or recovery program shall meet all of the applicable requirements of this chapter.
- 6300.10 The Department shall issue one (1) certification for each provider that is valid only for the programs, premises, and level(s) of care stated on the certificate. The certificate is the property of the Department and must be returned upon request by the Department. The certificate is valid only when the provider is in compliance with this chapter.
- 6300.11 The Department's staff, upon presentation of proper identification, has the authority to enter the premises of an SUD treatment or recovery program during operating hours for the purpose of conducting announced or unannounced inspections and investigations.
- 6300.12 The SUD treatment framework in this chapter is based on levels of care established by the American Society for Addiction Medicine ("ASAM"). A typical course of treatment under the ASAM treatment framework anticipates continuity of services across multiple levels of care. All SUD treatment should be provided under a person-centered care model.
- 6300.13 A certified provider may not deny admission to an otherwise qualified individual because that person is receiving Medication-Assisted Treatment (MAT) services, even if the MAT services are provided by a different provider.
- 6300.14 The Department shall certify providers in one or more of the levels of care outlined in § 6300.13. All certified providers, except those only certified as Level I-AR or Level-R, shall provide all of the following core services according to the requirements of this chapter and the individual needs of the client as outlined in the treatment plan:

- (a) Assessment/Diagnostic and Treatment Planning Services;
- (b) Clinical Care Coordination;
- (c) Case Management;
- (d) Crisis Intervention;
- (e) Substance Use Disorder (SUD) Counseling, including the following:
 - (1) Individual Counseling;
 - (2) Group Counseling;
 - (3) Group Counseling – Psychoeducation; and
 - (4) Family Counseling; and
- (f) Drug Screening, as follows:
 - (1) Toxicology Sample Collection; and
 - (2) Breathalyzer Testing;

6300.15 Providers may also be certified to provide one or more of the following specialty services based on their Level of Care (“LOC”) certifications from the Department:

- (a) Medication Management;
- (b) Medication Assisted Treatment; and
- (c) Adolescent – Community Reinforcement Approach (“ACRA”).

6300.16 An applicant shall apply for certification at one or more of the LOCs:

- (a) Level 1 – AR: Assessment and Referral;
- (b) Level 1: Outpatient;
- (c) Level 2.1: Intensive Outpatient Program;
- (d) Level 2.5: Day Treatment;
- (e) Level 3.1: Clinically Managed Low-Intensity Residential;

- (f) Level 3.3: Clinically Managed Population-Specific High-Intensity Residential;
- (g) Level 3.5: Clinically Managed High-Intensity Residential (Adult) or Clinically Managed Medium-Intensity Residential (Youth);
- (h) Level 3.7-WM: Medically Monitored Intensive Inpatient Withdrawal Management “(MMIWM”); and
- (i) Level-R: Recovery Support Services.

6300.17 Providers in Levels 1 - 3, except MMIWM, may also receive a special designation as a program serving parents with children, subject to Section 6324 of this chapter.

6300.18 Each certified program shall comply with all the provisions of this chapter consistent with the scope of the authorized LOC and program services.

6301 ELIGIBILITY FOR SUBSTANCE USE DISORDER SERVICES

6301.1 Substance Use Disorder (“SUD”) is a chronic relapsing disease characterized by a cluster of cognitive, behavioral, and psychological symptoms indicating that the beneficiary continues using the substance despite significant substance-related problems. A diagnosis of an SUD requires a beneficiary to have had persistent, substance related problem(s) within a twelve (12)-month period in accordance with the requirements of the most recent version of the American Psychiatric Association’s Diagnostic and Statistical Manual (“DSM”) in use by the Department.

6301.2 To be eligible for SUD treatment, a client must have received a diagnosis of an SUD in accordance with Subsection 6301.1 of this chapter from a qualified practitioner.

6301.3 Qualified Practitioners eligible to diagnose a substance use disorder pursuant to this Chapter are Qualified Physicians, Psychologists, Licensed Independent Clinical Social Workers (“LICSWs”), Licensed Professional Counselors (“LPCs”), Licensed Marriage and Family Therapists (“LMFTs”), and Advanced Practice Registered Nurses (“APRNs”).

6301.4 Clients eligible for services from a provider pursuant to contract with the Department must satisfy the following requirements:

- (a) Be *bona fide* residents of the District, as required in 29 DCMR Subsection 2405.1(a); and
- (b) Be referred for SUD services at the level of care determined by a Level I-

AR provider or other intake center authorized by the Department, unless the clients are only receiving Recovery Support Services.

- (c) Clients eligible for Medicaid-funded SUD services must meet the following requirements: Be enrolled in Medicaid, or be eligible for enrollment and have an application pending; or
- (d) For new enrollees and those enrollees whose Medicaid certification has lapsed:
 - (1) There is an eligibility grace period of ninety (90) days from the date of first service for new enrollees, or from the date of eligibility expiration for enrollees who have a lapse in coverage, until the date the District's Economic Security Administration makes an eligibility or recertification determination.
 - (2) In the event the consumer appeals a denial of eligibility or recertification by the Economic Security Administration, the Director may extend the ninety (90)-day eligibility grace period until the appeal has been exhausted. The ninety (90)-day eligibility grace period may also be extended in the discretion of the Director for other good cause shown.
 - (3) Upon expiration of the eligibility grace period, SUD services provided to the consumer are no longer reimbursable by Medicaid. Nothing in this section alters the Department's timely-filing requirements for claim submissions.

6301.5 Clients eligible for locally-funded SUD treatment are those individuals who are not eligible for Medicaid or Medicare or are not enrolled in any other third-party insurance program except the D.C. HealthCare Alliance, or who are enrolled but the insurance program does not cover SUD treatment and who meet the following requirements:

- (a) For individuals nineteen (19) years of age and older, live in households with a countable income of less than two hundred percent (200%) of the federal poverty level, and for individuals under nineteen (19) years of age, live in households with a countable income of less than three hundred percent (300%) of the federal poverty level.
- (b) A client that does not meet the income limits of Subsection 6301.6(a) above may receive treatment services in accordance with the following requirements:
 - (1) The client must, within ninety (90) days of enrollment for services, apply to the Department of Human Services Economic Security

Administration for certification, which will verify income.

- (2) An individual with income over the limits in paragraph (a) above may receive treatment services with payment on a sliding scale.
- (3) The provider shall ensure it develops a sliding scale fee policy, reviewed by the Department, and shall be able to provide documentation to the Department of its collection of fees.

6302 SERVICES FOR PEOPLE WITH CO-OCCURRING MENTAL ILLNESSES

6302.1 All providers shall provide SUD services to eligible individuals with a co-occurring mental illness. A provider shall not decline to provide SUD services because of the person's co-occurring mental illness.

6302.2 All providers shall, at a minimum, screen individuals during the Intake or Comprehensive Assessment to determine if the person may suffer from a mental illness in addition to an SUD.

6302.3 If a person screens positive for a co-occurring mental illness, the provider shall do the following in addition to providing SUD services:

- (a) Offer the opportunity for the person to receive mental illness treatment in addition to SUD treatment. If the person declines, the provider shall make the appropriate referrals for the person to receive mental health treatment at another qualified provider;
- (b) If the provider does not offer treatment for mental illness ensure the person is referred to an appropriate mental health provider;
- (c) If an individual that screens positive for a co-occurring mental illness receives mental health treatment at another provider, the Clinical Care Coordinator is responsible for ensuring the treatment plan and subsequent care and treatment of the person is coordinated with the mental health provider.

6303 PROVIDER CERTIFICATION PROCESS

6303.1 Each applicant seeking certification as a provider shall submit a certification application to the Department. A Department-certified provider seeking renewal of certification shall submit a certification application at least ninety (90) days prior to the termination of its current certification.

6303.2 If a certification is about to expire, the Department may, for good cause, consider a written request for an extension of time to complete the application.

- 6303.3 If the provider has submitted a timely and complete recertification application, the current certification shall continue until the Department takes action to renew or deny renewal of certification. A recertification application is considered timely if it is submitted at least ninety (90) days prior to the certification expiration date or the Department has otherwise granted an extension for the submission of a complete application.
- 6303.4 Upon receipt of a certification application, the Department shall review the certification application to determine whether it is complete. If a certification application is incomplete, the Department shall return the incomplete application to the applicant. An incomplete certification application shall not be regarded as a certification application, and return of the incomplete certification application and the Department's failure to take further action to issue certification to the applicant shall not constitute either the denial of an application for certification or the renewal of certification.
- 6303.5 Following the Department's acceptance of the certification application, the Department shall determine whether the applicant's services and activities meet the certification standards described in this chapter. The Department shall schedule and conduct an on-site survey of the applicant's services to determine whether the applicant satisfies the certification standards. The Department shall have access to all records necessary to verify compliance with certification standards and may conduct interviews with staff, others in the community, and clients (with client permission).
- 6303.6 The Department may issue certification to an applicant complying with the certification standard and to each certified provider seeking renewal of certification that complies with the certification standards.
- 6303.7 Nothing in these rules shall be interpreted to mean that certification is a right or an entitlement. The Director has the authority to issue restrictions on new provider certifications based upon the Department's assessment of the needs of the residents of the District. The restriction may apply to overall certification or specific levels of care.
- 6303.8 An applicant or certified provider that fails to comply with this chapter, fails to comply with a Human Care Agreement, or violates Federal or District law, may receive a Statement of Deficiencies ("SOD") from the Department. Evidence of violations gathered from an on-site survey, complaint, or other information may lead to the issuance of an SOD. An on-site survey is not required prior to the issuance of an SOD. The SOD shall describe the areas of non-compliance, suggest actions needed to bring operations into compliance with the certification standards, and set forth a timeframe for the provider's submission of a written Corrective Action Plan ("CAP"). The issuance of an SOD is a separate process from the issuance of a Notice of Infraction.

- 6303.9 An applicant or Department-certified provider's CAP shall describe the actions to be taken and specify a timeframe for correcting the areas of non-compliance. The CAP shall be submitted to the Department within ten (10) working days after receipt of the SOD from the Department.
- 6303.10 The Department shall notify the applicant or certified provider whether the provider's CAP is accepted within five (5) working days after receipt.
- 6303.11 The Department shall issue its certification after the Department verifies that the applicant or certified provider has complied with its CAP and meets all the certification standards.
- 6303.12 The Director may deny certification if the applicant fails to comply with any certification standard. The Director may revoke certification from a provider through the decertification process in accordance with § 6305 of this chapter.
- 6303.13 Certification as an SUD treatment provider or recovery support services provider shall be for one (1) calendar year for new applicants and two (2) calendar years for existing providers seeking renewal. Certification shall start from the date of issuance of certification by the Department, subject to the provider's continuous compliance with these certification standards. Certification shall remain in effect until it expires, is renewed, or is revoked pursuant to this chapter. The certification shall specify the effective date of the certification, the program(s), level of care(s), and services that the provider is certified to provide.
- 6303.14 Certification is not transferable to any other organization.
- 6303.15 Written notice of any change in the ownership of a program owned by an individual, partnership, or association, or in the legal or beneficial ownership of ten (10) percent or more of the stock of a corporation that owns or operates a program, shall be given to the Department at least thirty (30) calendar days prior to the change in ownership.
- 6303.16 The provider shall notify the Department immediately of changes in its operation that affect the provider's continued compliance with these certification standards, including changes in ownership or control, changes in the Qualified Practitioners employed by the provider, changes in services, and changes in its affiliation and referral arrangements.
- 6303.17 The provider shall notify the Department in writing thirty (30) calendar days prior to implementing any of the following operational changes, including all aspects of the operations materially affected by the changes:
- (a) A proposed change in the program's geographic location;

- (b) The proposed addition or deletion of major service components;
- (c) A change in the required staff qualifications for employment;
- (d) A proposed change in organizational structure;
- (e) A proposed change in the population served; and
- (f) A proposed change in program capacity and, for residential programs, a proposed change in bed capacity.

6303.18 Certification shall be automatically terminated and invalid if the provider fails to apply for renewal of certification prior to the expiration date of the certification, voluntarily relinquishes certification, or goes out of business.

6303.19 Providers shall forward to the Department within thirty (30) calendar days all inspection reports conducted by an oversight body and all corresponding corrective actions taken regarding cited deficiencies.

6303.20 Providers shall immediately report to the Department any alleged criminal activity involving provider staff.

6304 CERTIFICATION: EXEMPTIONS FROM STANDARDS

6304.1 If a certification standard interferes with service provision, the Department may, at its discretion, exempt a provider from a certification standard if the exemption does not jeopardize the health and safety of clients, infringe on client rights, or diminish the quality of the service delivery.

6304.2 If the Department approves an exemption, such exemption shall end on the expiration date of the program certification, or at an earlier date if specified by the Department, unless the provider requests renewal of the exemption prior to expiration of its certificate or the earlier date set by the Department.

6304.3 The Department may revoke an exemption that it determines is no longer appropriate.

6304.4 All requests for an exemption from certification standards must be submitted in writing to the Department.

6305 DECERTIFICATION PROCESS

6305.1 Decertification is the revocation of the certification issued by the Director to an organization or entity as an SUD treatment or recovery provider. A decertified SUD provider shall not provide any SUD treatment and shall not be reimbursed for any services as an SUD provider.

- 6305.2 Grounds for revocation include a provider’s failure to comply with the certification requirements contained in this chapter, the provider’s breach of its Human Care Agreement (if applicable), violations of Federal or District law, or any other action that constitutes a threat to the health or safety of clients. Nothing in this chapter requires the Director to issue an SOD prior to revoking certification.
- 6305.3 If the Director finds that there are grounds for revocation, the Director will issue a written notice of revocation setting forth the factual basis for the revocation, the effective date, and right to request an administrative review.
- 6305.4 The provider may request an administrative review from the Director within fifteen (15) business days of the date on the notice of revocation.
- 6305.5 Each request for an administrative review shall contain a concise statement of the reason(s) why the provider asserts that it should not have had its certification revoked and include any relevant supporting documentation.
- 6305.6 Each administrative review shall be conducted by the Director and shall be completed within fifteen (15) business days of the receipt of the provider’s request.
- 6305.7 The Director shall issue a written decision and provide a copy to the provider. If the Director approves the revocation of the provider’s certification, the provider may request a hearing under the D.C. Administrative Procedure Act, within fifteen (15) business days of the receipt of the Director’s written decision. The administrative hearing shall be limited to the issues raised in the administrative review request. The revocation shall be stayed pending resolution of the hearing.
- 6305.8 Once certification is revoked, the SUD provider shall not be allowed to reapply for certification for a period of two (2) years following the date of the order of revocation. If a provider reapplies for certification, the provider must reapply in accordance with the established certification standards for the type of services provided and show evidence that the grounds for the revocation have been corrected.

6306 CLOSURES AND CONTINUITY OF CLIENT CARE

- 6306.1 A provider shall provide written notification to the Department at least ninety (90) calendar days prior to its impending closure, or immediately upon knowledge of an impending closure less than ninety (90) calendar days in the future. This notification shall include plans for continuity of care and preservation of client records.
- 6306.2 The Department shall review the continuity of care plan and make

recommendations to the provider as needed. The provider shall incorporate all Department recommendations.

6306.3 Closure of a program does not absolve a provider from its legal responsibilities regarding the preservation and the storage of client records.

6306.4 A provider shall be responsible for the execution of its continuity of care plan in coordination with the Department.

6307 GENERAL MANAGEMENT AND ADMINISTRATION STANDARDS
