Program Description:	The Department of Behavioral Health's (DBH) population of focus for the District's Community Programs for Outreach and Intervention with Youth and Young Adults at Clinical High Risk for Psychosis (Short Title: CHR-P) initiative is for transition-age youth (TAY) or young adults aged 16–25-year-olds, who are at high clinical risk for psychosis. In the District, this initiative will be known as OurTime_ Community Programs- Early Interventions (OurTime_CP_EI). The initiative will offer early detection and evidenced-based intervention services to District young adults across all eight wards, who are at risk for their first episode of psychosis (FEP), but who have not yet fully experienced psychotic symptoms. A stepped care approach, where treatments of differing intensity will be offered, and young adults will learn to manage stress, anxiety, and uncertainty associated with psychosis. The selected vendor will offer early access to evidence-based treatments; help CHR-P young adults build resiliency and skills that are vital to their recovery; and educate young adults, their families, and the community at large on SMI, SUD, and psychosis.

Eligible Applicants:	Mental Health Rehabilitation Service (MHRS) providers that serve District residents aged 16-25 years old.
