Questions & Answers

Overview (p. 10)

The Government of the District of Columbia, Department of Behavioral Health, (Adult and Transition Age Youth Administration) is soliciting an application from the qualified organization to implement a First Episode Psychosis (FEP) Treatment Program for Transition Age Youth. The purpose of the FEP Treatment Program for Transition Age Youth is to change the long-term prognosis for young adults coping with schizophrenia by providing an early and effective treatment intervention program for individuals who have experienced their first episode with psychosis. There are no programs in the District that address schizophrenia or psychosis for young adults in the District.

This solicitation includes 1 (one) application opportunity.

Background (p. 13)

As one of the required deliverables of the previous TAY Now is the Time-Healthy Transitions (NITT-HT) SAMHSA grant awarded to DBH in FY14, DBH was required to establish a System of Care (SOC) for transition-age youth and young adults. To accomplish this deliverable, in January 2016, DBH released a Request for Proposal (RFP) solicitation, targeting two to three certified Core Service Agencies (CSA) to serve as the building blocks in the establishment of the TAY SOC. This competitively bid process was open to all DBH-certified CSAs, and DBH anticipated awarding two to three contracts to providers trained in Transition to Independence Process (TIP) services and Supported Employment services. The successful CSAs would become the foundation for the newly established TAY SOC provider network and focus on improving access to behavioral health services for youth and young adults ages 16 - 25. Of the two CSAs that responded both were subsequently awarded a contract on June 21, 2016, to serve the TAY population and under the NITT: HT grant both were deemed a TAY specialty provider.

Background (cont.)

In 2020 DBH hosted another competitive bid process which was again open to all DBH certified CSAs. This solicitation addressed the deliverables of SAMHSA's Healthy Transitions (HT) Grant which was awarded to DBH in FY19. Healthy Transitions seeks to continue and expand the System of Care established under NITT-HT. It also addresses the behavioral health needs of transition-age youth with Serious Emotional Mental Illness (SEMI) and or substance use disorder (SUD) concerns. This process was open to all DBH-certified CSAs and the previous two agencies were again successful in their bid. On January 13, 2021, they were awarded the contract and became a TAY specialty provider under the Healthy Transitions Grant.
