BACKGROUND & PURPOSE

Background
A fundamental component to the LLDC strategy and the DCOR initiative is incorporating individuals with lived OUD/STUD experience in addressing the opioid epidemic. These individuals, known as peers, have been shown to be instrumental in helping others with OUD/STUD engage in treatment, navigate the steps needed to attain help from public resources, and provide recovery support.

Under the current strategic plan, the District is implementing a hospital-based peer initiative in six (6) EDs and on seven (7) inpatient units. Patients are screened, and if found positive for a substance use disorders (SUD) or at-risk for an SUD, peers employed by the hospital

are mobilized to further assess the patient through a friendly and supportive interview or "warm consultation."

After the initial consultation, peers can provide services that include: a referral to a physician for MOUD induction in the hospital or to a community-based treatment provider, referrals to other services and supports, and future peer follow-up visits if needed and accepted by the patient. Peers provide outreach and support to the patient for ninety (90) days in the community after their initial hospital visit for an overdose or other medical services. The grantee also works with the National Rehabilitation Hospital around naloxone distribution.

The purpose of this grant is to continue, strengthen, and expand the current hospital-based peer services in hospitals and develop a sustainability plan that shows how the hospital-based peer support services will be sustained beyond grant funding and built into hospital operations. One organization will oversee the implementation of this initiative at seven (7) adult acute care hospitals, Children's National Medical Center, National Rehabilitation Hospital, and any new hospitals.

Purpose

This competition will support the District's LLDC strategy to "Continue to implement a model for initiating medication for opioid use disorder (MOUD) in hospitals, ensuring a direct path to ongoing care that is patient centered, sustainable, and takes into consideration the characteristics of the implementing health system.

SUPRT has two components:

1. SUPRT–Administrative (SUPRT-A): A brief questionnaire completed by grantees based on information available in client records.
    a. Collection Guideline: Grantee shall complete SUPRT-A for all clients enrolled in SOR-funded services.

2. SUPRT–Client or Caregiver (SUPRT-C): A brief questionnaire completed directly by the client or caregiver.
    a. Collection Guideline: Grantee shall offer to client or caregiver, but it is not required. Client or caregiver may opt out of completing SUPRT-C; failure to do so should not result in any loss of services or benefits.

SUPRT is required at numerous assessment points, as seen in the image below.

SUPRT-A/C Assessment Points

SUPRT-A	SUPRT-C
• Baseline	• Baseline
• Reassessment	• Reassessment
• Annual	• Annual (adults only)
• Closeout	
*SUPRT-A **must** be completed by grantees at each assessment point.	*SUPRT-C **must** be offered at each assessment point, even if a previous assessment was declined.

BASELINE (ALSO KNOWN AS INTAKE)

Baseline assessments must be completed 30 days before or after the client first receives services under the grant. Clients can receive multiple baselines if they have multiple episodes of care under the same grant (i.e. they return to services after having been administratively closed out of the services).

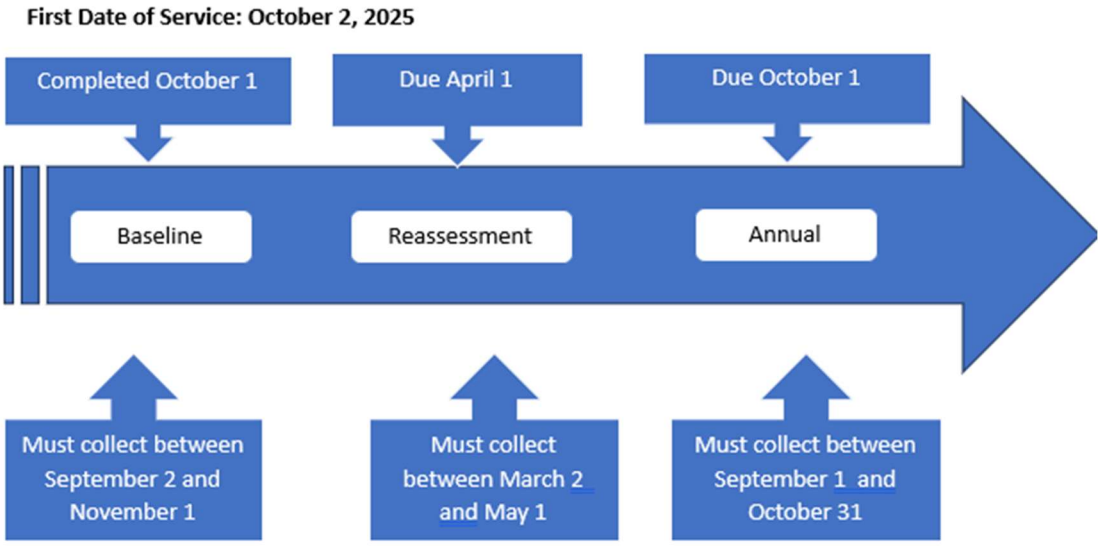
REASSESSMENT

Reassessments are due 6 months (180 days) after the baseline assessment date. For most grant programs, the reassessment window spans 60 days; reassessments must be completed within the window of 30 days before through 30 days after the reassessment is due.

ANNUAL ASSESSMENT

Annual assessments are due 365 days after the date of the client's baseline assessment and every 365 days thereafter. The annual assessment window spans 60 days; annual assessments may be completed 30 days before through 30 days after the annual assessment is due.

Sample Assessment Point



CLOSEOUT

Closeout assessments are completed when the client is no longer receiving services through the grant program. The close out assessment should be collected within 30 days a client is deemed discharged from services. Once a closeout is completed, any reassessment or annual assessments are no longer required. If a client returns for services after close-out, a new cycle of baseline, reassessment, annual, and close out assessments would be required for the new episode of care.

Data Collection and Tracking

1. Grantee will designate a staff member responsible for all data matters pertaining to the project, including The Substance Abuse and Mental Health Services (SAMHSA) Unified Performance Reporting Tool (SUPRT) data collection and programmatic data requirements.
2. Grantees will be responsible for ensuring that all individuals receiving services under this funding opportunity will be included in the grant data collection and submit monthly data report, by the 10th day of each month outlining who will be included in the grant/data collection.
3. Grantees will be responsible for tracking and evaluating grant activities.
4. Grantees will submit monthly progress reports that detail strides toward meeting the deliverables as outlined in the DBH approved Scope of Work.

Applicant's indirect costs calculation
An Applicant may include its indirect costs in its budget calculation.

(See the Nonprofit Fair Compensation Act of 2020, DC Act 23-565 [effective March 2021]) This may be done through use of a cost rate. In budget backup materials the Applicant should identify the basis for the calculation, addressing one of the following bases that District law permits it to choose:

1. Its current, unexpired, federal Negotiated Indirect Cost Rate Agreement (NICRA) rate, a negotiated rate with the federal government;

   OR

2. One of the following methods:
   a. 10% (local funds only) of the grant's direct costs;
   b. A new negotiated rate with DBH;
   c. The same indirect rate that it has used with any District agency in the past 2 years; or
   d. An independent Certified Public Account's (CPA) calculated rate using federal Office of Management and Budget (OMB) guidelines

The federal de minimis rate is 15%. Federal rules always control federal funding. For federal funding that passes through the District to the grantee, the indirect cost rate must be consistent with federal regulation 2 CFR 200.331 or its successor.

(The cited statute required DBH to provide for at least one of these listed methods. However, the statute excludes the following from the requirement: foundation; hospital; university; college.)

If the Applicant proposes to use the services of a nonprofit subgrantee or contractor, it must propose to apply the same indirect cost rate to that entity's services. (See Attachment-1. General Terms & Conditions, Establishing and Managing Subgrant, #8)

*Advance payments must be pre-approved and meet all advance payment requirements. The amount reflected in the Allowable Advance column and budget summary does not require an advance payment being issued.

Guidance for SOR 4 FY2026 Budgets as of September 8, 2025

The below information should help provide guidance about how to develop your budget for SOR FY26 budget and hopefully will limit the number of budget modifications. This guidance is based on feedback from the Substance Abuse and Mental Health Services Administration (SAMHSA) as of September 5, 2025. We will provide any updates to this guidance once we receive our notice of award from SAMHSA.

This guidance applies to the DC Department of Behavioral Health (DBH) as well as to any of your sub-recipients. **Items on your invoices should match your approved budget.**

Please note any budget modifications need to be presented to DBH 60 days before the end of FY or before the end of grant funding.

***Grantees can only request one advance per fiscal year*.**

DBH will not reimburse for costs incurred after the end date of the grant period September 29, 2026

Personnel

- Staff with administrative titles should be classified as indirect ("manager," "monitor," "fiscal," "finance manager," "supervisor," "center director," accountant,").
- If the staff is doing direct care, then they need to have a title that reflects the direct care work, and the budget justification needs to explain their role in providing direct services.
- ***If you have multiple grants, please ensure staff are not more than 100% across grants. This includes grants outside of SOR as well.***
- ***Program Evaluator positions are unallowable.***

Helpful hint for budgeting personnel

Add the following information for each of the staff members in the narrative justification after the job description for each employee:

- % full time equivalent (FTE) x number of hours x hourly rate = Salary

Examples:

- Keisha Smith, Outreach worker. 1.0 FTE, 2,080 hours @ 30,00/hr = $62,400

- Henry Clay, Program Director. .36 FTE, 749 Hours @ 60.08 = 44,999.92

There are 2,080 work hours in a year. By providing this information, you know you have properly calculated the amount in this budget category, and this can also be helpful when invoicing monthly.

Fringe

Rates need to be broken out by what makes up the total rate (e.g., group life insurance, health benefits, retirement plan, time off).

Travel

- Mileage should be budgeted at the current Federal rate of 70 cents per mile (driven for business use) and should be calculated from the office to activities and back to the office. **Mileage is not for staff to get to and from work.**
- Attendance at trainings and conferences will be approved on a case-by-case basis based on applicability to the outcomes of the grant. Costs for conferences and trainings should be budgeted at the Federal per diem rates.

Equipment

- Vehicle purchase or leasing is allowable as direct if 100% use is for direct services (e.g., program van for outreach) on a case-by-case basis. Grantee must submit three bids and address questions in attached paperwork for approval by SAMHSA.
- Insurance (e.g., van) is always classified as indirect.

Supplies

- (Specific to the outreach overdose prevention and response teams) Sharps containers and wound care supplies (e.g., alcohol wipes, band-aids, cotton/gauze, etc.) are allowable. The following are not allowable: sterile water, saline or ascorbic acid (vitamin c), syringes, cookers, crack pipes, etc.
  - See attached letter from SAMHSA regarding changes to overdose prevention and response services.
- Intramuscular (IM) naloxone is allowable, but DBH does not encourage the purchase of it unless necessary because we supply free intranasal naloxone. The purchase of IM naloxone would require an update to your agency standing order.
- Fentanyl test strips and Xylazine test strips are available via DBH and should not be included in your budget.
- Promotional materials are unallowable, which includes clothing and commemorative items such as pens, mugs/cups, folders/folios, lanyards, and conference bags.

- Supplies that are often considered indirect (e.g., laptops, printer ink for direct care staff, pens and paper) as well as other costs (e.g., Zoom license) are allowed only in support of staff who provide 100% direct service.
- Do not request one-time purchases that were requested in SOR4 Year 1 or your NCE unless there is a justification as a repeat purchase. SAMHSA has pointed out items such as laptops, software, curriculum as items of concern.
- Cellphones and PPE for clients are not allowable.
- Uniforms are allowable for direct care staff not for clients. All office supplies need to be listed out and include amounts and cost.

Sample justification language for supplies

- Software (Slack, MS Office, Adobe Suite, Zoom, Malwarebytes) and annual licenses are made available to individual staff of the organization. Outreach workers use these tools primarily to facilitate communication with clients and community partners such that resources may be leveraged in support of clients and the successful outcomes thereof. Secondarily, software may be purchased for the purpose of ensuring device security from malware and other forms of cyber-based threats to data and/or device operation.

- Cell phones purchased would be to replace any outdated devices that are currently in use, (estimating that three out of five may need replacing within the next year). Cell phones are used by outreach workers to facilitate communication with client and community partners such that resources may be leveraged in support of clients and successful outcomes thereof.

- Printer Toner/Ink is required for the printing of flyers, and other publications, for distribution to, and the benefit of, clients.

- Postage is required for mailing aforementioned printed materials to clients, for the purpose of distributing information pertinent to the program, including notice of resources and local events.

- Office supplies are purchased for outreach workers use while conducting meetings with clients and making presentations to treatment centers and other facilities and institutions where the attention of potential new clientele would be reached. This type of supply may include items such as paper, pens, notebooks, planners, and binders.

Other

- **Workforce development costs** (e.g., trainings and technical assistance) will be approved on a case-by-case basis and on a limited basis; grantees need to first access SAMHSA resources:
  - Opioid Response Network: https://opioidresponsenetwork.org/
  - Addiction Technology Transfer Center: https://attcnetwork.org/
- Mental Health First Aid will not be approved because there are free trainings offered through DBH and other organizations.
- Rent/occupancy is allowable as a direct cost, but grantee must complete SAMHSA worksheet: https://www.samhsa.gov/sites/default/files/rentquestionsworksheet.docx

Indirect

- There is a maximum 15% funding limitation cap for administrative costs/indirect costs this fiscal year.
- Grantees who have NICRAs are allowed to apply those rates.
- Landlines and utilities should all be a part of the 15% indirect.

Funding Limitations/Restrictions

- No renovations costs allowable per DBH because of limitations on overall funding.
- No drug disposal pouches allowable per DBH.
- Incentives, e.g., cash incentives, gift.
- SAMHSA has noted that "stipends" and "scholarships" are not allowable. If you are paying someone for their time, record that under personnel or as a consulting fee. If it is to support an individual's travel or something else, add it to that line.
- Food can be included as a necessary expense[1] for individuals **receiving** SAMHSA-funded mental and/or substance use disorder prevention, harm reduction, treatment, and recovery support services, not to exceed $10.00 per person per day.
  - Food is not allowed for a one-time event
- Moon bounces, popcorn machines, DJs, PlayStation, Xbox machines, Porta Potties, and backpacks are unallowable.
- Security for events is unallowable.
- Hygiene kits must be tied to initiative and clear justification for items in kits (e.g., to stay clean for job interviews, start-up kits for new housing).
- Clothing purchases must be tied to the initiative (e.g., support employment searches). Please check with Project Monitor if this is allowable under your initiative.

[1] Appropriated funds can be used for an expenditure that bears a logical relationship to the specific program, makes a direct contribution, and be reasonably necessary to accomplish specific program outcomes established in the grant award or cooperative agreement. The expenditure cannot be justified merely because of some social purpose and must be more than merely desirable or even important. The expenditure must neither be prohibited by law nor provided for through other appropriated funding.

- Be mindful of costs that were incurred during FY25 for events such as microphones, tents, etc., as items should be reused in FY26:
    - Please verify with DBH about allowable costs around events.
- Only medications approved by the U.S. Food and Drug Administration (FDA) for treatment of opioid use disorder and/or opioid overdose can be purchased with SOR funds.
- Funds may not be expended through the award or a subaward by any agency which would deny any eligible client, patient, or individual access to their program because of their use of FDA-approved medications for the treatment of substance use disorders (e.g., methadone; buprenorphine products, including buprenorphine/naloxone combination formulations and buprenorphine monoproduct formulations; naltrexone products, including extended-release and oral formulations; or long-acting products, such as extended release injectable or buprenorphine.). Specifically, patients must be allowed to participate in methadone treatment rendered in accordance with current federal and state methadone dispensing regulations from an Opioid Treatment Program and ordered by a practitioner who has evaluated the client and determined that methadone is an appropriate medication treatment for the individual's OUD. Similarly, medications available by prescription or office-based injection must be permitted if it is appropriately authorized through prescription or administration by a licensed prescriber or provider. In all cases, MOUD must be permitted to be continued for as long as the prescriber or treatment provider, in conjunction with the patient, determines that the medication is clinically beneficial. Recipients must ensure that clients will not be compelled to no longer use MOUD as part of the conditions of any programming if stopping is inconsistent with a licensed prescriber's recommendation or valid prescription.
- Funds may not be used to make direct payments to individuals to enter treatment or continue to participate in prevention or treatment services (See 42 U.S.C. § 1320a-7b).

Standards for Financial Management and Standard Funding Restrictions

Source: FY 2024 Substance Abuse and Mental Health Services Administration (SAMHSA) Notice of Funding Opportunity (NOFO) Application Guide

HHS codified the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards* in 45 CFR Part 75. Subpart D contains federal financial management requirements for HHS recipients and Subpart E contains the applicable cost principles which specify allowable/unallowable expenditures. Unless superseded by program statute, follow the financial management requirements and cost principles in 45 CFR Part 75, Subparts D and E. Listed below are several of the major federal financial management requirements included in Subpart D, as well as several standard funding restrictions that are in addition to the allowable/unallowable requirements of Subpart E.

Standards for Financial Management

Recipients' financial management systems must meet the standards in 45 CFR Part 75 Subpart D. These standards require recipients' financial management systems to retain an individual award's specific identity to: (a) permit the accurate disclosure of financial results for each federal award; and (b) to permit the tracing of funds to a level of expenditures adequate to verify that recipients used federal funds for their intended purposes and in accordance with federal statutes, regulations, and the terms and conditions of the federal award(s). As a result, individual federal awards may not be commingled with other federal and non-federal awards and expenditures. Commingling typically occurs when funds and expenditures from multiple awards are combined into a single account. Common commingling mistakes to avoid are further explained below:

• *Commingling of Cost Centers*. Every business activity constitutes a cost center. Examples of cost centers include: a federal award, a state award, a private award, matching costs for a specific award, a self-funded project, fundraising activities, membership activities, lines of business, unallowable costs, indirect costs, etc. Recipients must establish a unique account(s) in the accounting system to capture and accumulate expenditures of each cost center, apart from other cost centers.

• *Commingling of Cost Categories*. Recipients must avoid budget fluctuations that violate programmatic restrictions. They must also avoid applying indirect cost rates to prohibited cost categories, such as equipment, participant support costs, and subcontracts/subawards in excess of $25,000. As a result, recipients must establish unique object codes in the accounting system to capture and accumulate costs by budget

category (i.e., salaries, fringe benefits, consultants, travel, participant support costs, subcontracts, etc.).

• *Commingling of Time Worked and Not Worked*. Recipients may not directly charge an award for employees' time not spent working on the award. Therefore, *Paid Time Off* (PTO), such as vacation, holiday, sick, and other paid leave, is not recoverable directly from awards, but rather must be allocated to all awards, projects, and cost centers over an entire cost accounting period through either an indirect cost or fringe benefit rate.

• *Commingling of Labor Costs – Unsupported Labor Costs*. Time and attendance sheets alone, showing an employee worked a certain number of hours during a given day or time period, are inadequate to support salaries and wages. Rather, to support charges for direct and indirect salaries and wages, recipients' timekeeping documentation must identify the work being performed. As an example, recipients maintaining hourly timesheets must ensure that timesheets encompass all hours worked and not worked on a daily basis. The timesheet should identify the: (a) award, project or cost center being worked on; (b) number of hours worked on each; (c) description of work performed; and (d) PTO hours. The total hours recorded each day should coincide with an individual's employment status in accordance with established policy (i.e., full-time employees work 8 hours each day, etc.).

• *Commingling of Direct and Indirect Costs – Inconsistent Treatment of Costs*. Recipients must treat costs consistently across all federal and non-federal awards, projects, and cost centers. For example, recipients may not direct-charge federal awards for costs typically considered indirect in nature, unless done consistently. Examples of indirect costs include administrative salaries, rent, accounting fees, utilities, etc. Additionally, in most cases, the cost to develop an accounting system adequate to justify direct charging of the aforementioned items outweighs the benefits. As a result, use of an indirect cost rate is the most effective mechanism to recover these costs and not violate federal financial requirements of consistency, allocability, and allowability.

Standard Funding Restrictions

In addition to 45 CFR Part 75, Subpart E's guidance regarding allowable/unallowable expenditures, SAMHSA funds may not be used to:

• Purchase, prescribe, or provide marijuana or treatment using marijuana. See, e.g., 45 CFR.75.300(a) (requiring HHS to ensure that Federal funding is expended in full accordance with U.S. statutory and public policy requirements); 21 U.S.C. 812(c)(10) and 841 (prohibiting the possession, manufacture, sale, purchase, or distribution of marijuana).

• Purchase, procure, or distribute pipes or cylindrical objects intended to be used to smoke or inhale illegal scheduled substances.

• Pay for promotional items including, but not limited to, clothing and commemorative items, such as pens, mugs/cups, folders/folios, lanyards, and conference bags. (45 CFR 75.421(e)(3))

• Pay for the purchase or construction of any building or structure to house any part of the program. Minor alterations and renovations (A&R) may be authorized for up to 25 percent of a given budget period or $150,000 (whichever is less) for existing facilities, if necessary and appropriate to the project. Minor A&R may not include a structural change (e.g., to the foundation, roof, floor, or exterior or loadbearing walls of a facility, or extension of an existing facility) to achieve the following: increase the floor area; and/or, change the function and purpose of the facility. SAMHSA must approve all minor A&R.

• Provide inpatient treatment or hospital-based detoxification services. Residential services are not considered to be inpatient or hospital-based services.

• Pay for housing other than recovery housing, which includes application fees and security deposits.

• Make direct payments to individuals to enter treatment or continue to participate in prevention or treatment services (See 42 U.S.C. § 1320a-7b).

Note: A recipient or treatment or prevention provider may provide up to $30 non-cash incentive (for example, gift cards, bus passes, or gifts) to individuals to participate in required data collection follow-up. This amount may be paid for participation in each required data collection follow-up interview. Incentives cannot be provided for completing an intake or exit interview. For programs including contingency management as a component of the treatment program, each individual contingency must be $15 or less in value and clients may not receive contingencies totaling more than $75 per budget period.

• Purchase firearms.

• General Provisions under Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act Public Law 117-328, Consolidated Appropriations Act, 2023, Division H, Title V, Section 526, notwithstanding any other provision of this Act, no funds appropriated in this Act shall be used to purchase sterile needles or syringes for the hypodermic injection of any illegal drug. Provided, that such limitation does not apply to the use of funds for elements of a program other than making such purchases if the relevant state or local health department, in consultation with the Centers for Disease Control and Prevention, determines that the state or local jurisdiction, as applicable, is experiencing, or is at risk for, a significant increase in hepatitis infections or an HIV outbreak due to injection drug use, and such program is operating in accordance with state and local law.

• **Salary Limitation:** Congress limits the direct salary for individuals under all federal grant and cooperative agreement awards not to exceed Executive Level II pay. The Executive Level II pay amount is an individual's base salary exclusive of fringe and any income that an individual may be permitted to earn outside of the duties to your organization. The salary limitation does not apply to consultants but does apply to subrecipients under a SAMHSA award or cooperative agreement. Note that these or other salary limitations will apply in future fiscal years, as required by law. The current salary limitation can be found in the most recent SAMHSA Standard Terms and Conditions posted on our website at https://www.samhsa.gov/grants/grants-management/notice-award-noa/standard-terms-conditions.

Award Authorization

1. The Grantee shall not start any activity, expend funds, or request reimbursement for expenditures unless there is a fully executed Agreement and purchase order issued by DBH to the Grantee.
2. The start and end dates for the award shall be the project period indicated on the fully executed NOGA, unless amended by the Department of Behavioral Health. The project period is the total time DBH has programmatically approved a project (federal/local) for support.
3. The budget period is usually 12 months long. However, shorter or longer budget periods may be established for programmatic or administrative reasons. The budget period will be indicated on the NOGA and will show the total approved budget for the applicable budget period.
4. The Grantee shall provide services and conduct activities for the purpose established by the terms of the Agreement and the authorizing fund source, which is located on the NOGA and purchase order assigned to the award.
5. DBH shall issue a NOGA for each budget period, subject to satisfactory performance of the Grantee, Grantee eligibility and the availability of funding.
6. The project period, budget period and allocations of funding in each period shall be outlined in the NOGA. The fund source (e.g., federal or local funds administered by DBH) will also be stated in the NOGA. The total obligation by DBH under the grant shall not exceed the amount stated as maximum amount for the planned project period. The total award amount shall be apportioned by budget period outlined on the NOGA. The Grantee shall not exceed the amount of the total award that is apportioned to the budget period. The Grantee's spending plan must reflect the funding obligations and approved apportionments for the budget period, unless Grantee submits a written request for a deviation from the spending plan and such

request has received approval from the assigned Project Director/delegate. Option years beyond the planned project period shall be considered for this award based only on the availability of source funding, additional funding and the satisfactory performance of the Grantee.

7. The Grantee shall submit an overall budget, including a detailed line item budget for each service area and shall operate programs in accordance with the budget approved by the project director/delegate prior to the issuance of a NOGA.
8. The Grant Agreement shall be subject to the availability of funding and an appropriation for the program or grant funding that is the subject of the grant. The Grant Agreement shall be subject to termination at any time, in whole or in part, if: (1) adequate funds are not made available to DBH or appropriated by DBH for the program in question; or (2) for the convenience of the government should DBH determine that such termination is in the best interest of the public or the government.
9. The Grantee must be eligible for funding at the time the award is issued and maintain eligibility as established by the terms of this Agreement, the Request for Applications and statutory and/or regulatory requirements (local and/or federal).
10. The Grantee must supplement, not replace, deliberately reduce or reallocate (supplant) non-grant funds due to the existence of funding available for this award. Grantees must ensure that funds do not supplant resources that have been budgeted for the same purpose through other sources. Applicants or award recipients may be required to demonstrate and document that a reduction in resources for programs occurred for reasons other than the receipt of grant funds.
11. The Grantee shall establish a system of accounting that ensures that funds awarded under the NOGA are not commingled with other funding sources (i.e., same funding source as another NOGA, similar service area). Where the Grantee's accounting system cannot comply with this requirement, the Grantee shall establish a system to provide adequate funding accountability for the program.
12. The Grantee shall establish a system of accounting that tracks program income generated though the grant award. All Grantees that generate program income must comply with 2 CFR 300.218 and 2 CFR 200.307 (as applicable) and report any program income to DBH on all invoices submitted.

Substance Abuse and Mental Health Services Administration (SAMHSA) Grant Award Standard Terms and the United States Department of Health and Human Services (HHS) Grants Policy Statement

Grantees awarded sub-grants funded in whole or part by SAMHSA must comply with the SAMHSA Award Standard Terms for the current fiscal year

(https://www.samhsa.gov/grants/grants-management/notice-award-noa/standard-terms-conditions). Further, Grantees awarded sub-grants funded in whole or part by SAMHSA are subject to the requirements of the HHS Grants Policy Statement that are applicable based on the recipient type and purpose of award (https://www.samhsa.gov/grants/grants-management/policies-regulations/hhs-grants-policy-statement). To the extent these conflict with the DBH Grant Terms and Conditions, the SAMHSA Award Standard Terms and the HHS Grants Policy Statement control.

2. Reports and other submissions shall be directed to the Project Director.

4. A notice shall be deemed timely delivered to DBH only when written confirmation of receipt is provided by DBH.

Communication of a Material Change

The Applicant and the Grantee shall advise DBH immediately orally and thereafter in writing when a material condition of the Application or performance of the grant has changed. Examples of material changes in condition may include, but are not limited to, the following:

1. The loss of a staff member proposed as a principal;
2. The lack of funds to pay bills incurred for the grant's activities;
3. The expenditure of granted funds for non-granted activities, materials, or supplies;
4. Change in the Applicant's governance;
5. The Grantee's insurance coverage has been reduced; or
6. The Grantee has been notified of a cancellation in whole or in part of its insurance.

Compliance as a Continuing Condition of Eligibility

The Applicant must continue to comply with these terms of eligibility as noted in the NOGA during the project period if awarded a grant. If as the Grantee, the Applicant fails to comply with the terms and conditions of this award, DBH may suspend, terminate, take other corrective action (including, but not limited to, recovery of funds provided under the Grant), or initiate dispute resolution.

Grant Award Contingent on Available Funding

The grant award and DBH's distribution of funds pursuant to the grant award are subject to the availability of funding from the sources identified in the NOGA for the particular grant opportunity or project.

DBH's ability to provide funds is, and shall remain subject to, the provisions of:

1. The Federal Anti-Deficiency Act, 31 U.S.C. §§ 1341, 1342, 1349, 1351;
2. The District Anti-Deficiency Act, D.C. Official Code § 47-355.01-355.08; and
3. Any amendments to these statutes.

This grant shall be subject to termination at any time, in whole or in part, if adequate funds are not made available or appropriated for the program in question.

Grant Match: Projection and Documentation

When documentation of a grant match is required:

1. In support of an application, the applicant must provide a line item budget and budget narrative including the match for the proposed project; and
2. In support of an award, the Grantee must provide the following, which must be acceptable to DBH, unless DBH revises or waives the requirement in writing:
    a. Documentation of in-kind match, including, for example, services of an employee. These services must be valued at the employee's regular rate of pay plus an amount of fringe benefits that is reasonable, necessary, allocable, and otherwise allowable. The value of donated space must not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately owned building in the same locality.

Bonding Requirements

A bond is not required of the Grantee unless DBH states the requirement in writing. If DBH does require a bond, the Grantee before accepting the grant must secure the bond in an amount no less than the total amount of the funds awarded, against losses of money and other property:

1. Caused by fraudulent or dishonest act, and
2. Committed by an employee, board member, officer, partner, shareholder, or trainee.

Background Checks

The Grantee shall comply with all statutes and regulations governing background checks for unlicensed staff working on a grant or sub-grant, including but not limited to D.C. Code §§ 44-552 *et seq*., D.C. Code §§ 4-1501.01 *et seq*., and 22-B DCMR Chapter 47, as applicable. DBH reserves the right to confirm the Grantee's compliance with any applicable statutes governing background checks for unlicensed personnel who work directly on the grant or sub-grant.

The grantee must provide upon request to DBH evidence of criminal background checks for all unlicensed personnel pursuant to the criminal background check requirements contained in District Official Code §§ 44-551 *et seq*., Unlicensed Personnel Criminal Background Check, and its implementing regulations, 22-B DCMR Chapter 47, as well as child abuse registry checks, for both the State(s) of residence and employment.

Payment

1. The Grantee will be compensated for work performed and expenses incurred of a sum not to exceed the total amount contained in the NOGA or any official revision to it.
2. DBH will not reimburse the Grantee for grant-related expenditures made before the begin date.
3. The Grantee may submit its invoices for grant-related reimbursement according to the fund disbursement schedule as stated in the NOGA. Invoices must be sent through the appropriate portal as stated in the NOGA and the related District "Purchase Order."
4. The Grantee's accounting practices must be consistent with 2 CFR Part 300, Subpart E, Cost Principles and support the accrual of cost as required by the cost principles and must provide for adequate documentation to support cost charged to the grant award.
5. The Grantee's payment request must include a signed invoice on organization letterhead with federal tax identification number and supporting documentation. The submittal to DBH must include:
    a. For employee labor: For the relevant billing period, a payroll report, with information drawn from an official book of record, like a payroll register, official time sheet or time card(s) approved by appropriate Grantee representative.
    b. For other expenditures: Expenditures must be supported by invoices or receipts.
6. The Grantee must keep backup documentation, to show:
    a. For Grantee AND any Grantee or sub-grantee:
        i. For labor: the official books and records information showing employee name, title, hours worked that are charged to the grant, and

pay rate for the period (typically like a payroll register, official time sheet or time card(s)); and,

ii. For non-labor: invoices and receipts that identify or describe the invoiced item, showing quantity, rate or price, and for procured items including contractor and sub-grantee invoices, proof of payment.

7. In most circumstances, DBH will require documents supporting an accounting entry before releasing payment. Such information may include:
    a. General ledger screen shots or excerpts, showing paid bills or expenditures;
    b. Copies of cancelled checks or bank statements of electronic transfers;
    c. Statements from contractor, subcontractor and vendors that their bills have been paid; or
    d. Reports of on-site inspections or audits.
8. In certain circumstances, and at DBH's sole discretion according to its policy, DBH may provide a portion of grant funds for the Grantee's start-up costs as an advance payment.
9. Notwithstanding the above, DBH at its sole discretion may withhold payment if DBH determines that the Grantees failed to comply with term[s] of the grant award.

Fund Disbursement

1. DBH reserves the right to withhold any payment if the Grantee is found in non-compliance with the DBH Notice of Grant Award or the Grant Agreement, and fails to correct any deficiencies within a reasonable time frame as determined by DBH. DBH shall determine the extent of the payment to be withheld under this provision.
2. Deposit and Security of Funds - The Grantee shall account for and reimburse the District Government any interest earned on advance grant award payments no later than twenty (20) business days from the end of each DC Government Fiscal Year (September 30) and no later than thirty (30) business days after the expiration of the Grant Agreement. All payments shall be made by check or money order made payable to the "D.C. Treasurer" and mailed to Office of Finance & Treasury, 1101 4th Street, SW, Suite 850W, Washington, DC 20024.
3. The Grantee shall submit expenditure reports and requests for payment in accordance with the terms and options outlined in the Fund Disbursement Schedule and Terms.

Unethical Conduct

1. The Applicant/Grantee shall avoid all unethical conduct with respect to securing and administering granted funds, with ethical conduct to be measured generally, but not wholly, against the provisions of the District Ethics Manual (most recent edition as of

the time the grant is awarded), found at www.bega.dc.gov, under the heading for documents.

2. Though not an exhaustive list, the Grantee shall avoid the following:
    a. Apparent and actual conflicts of interest;
    b. Contributing to a violation of the District's restrictions on gifts to District personnel;
    c. Contributing to a violation of the two-year ban on District personnel taking certain actions regarding a "particular matter" described in the District Ethics Manual;
    d. No Applicant/Grantee shall employ or retain a person or selling agency to solicit or secure this grant, a payment under it, or an amendment, upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee. Except, an applicant or grantee may condition its compensation for a bona fide employee on grant-related job performance, and may retain an attorney for compensation permitted by the District's Rules of Professional Conduct; and
    e. With respect to grant funds, the Grantee and Grantee's employees, officers, or agents shall not solicit or accept a gift, gratuity, favor, or anything of monetary value from a contractor, subcontractor, vendor, party to a related agreement, or a beneficiary of this grant except as may be allowed under the District Ethics Manual for items that are unsolicited and of nominal value.

Contracts, Subcontracts, or Sub-Grants

1. **Nothing in the Grant award shall be construed to create a contractual relationship between DBH and Grantee's contractor, subcontractor, sub-grantee, or vendor.**
2. Any grant-related work and/or activity that is contracted, subcontracted, or sub-granted is subject to applicable District and federal law and DBH review and approval. The Grantee shall give DBH advance notice of contracts, subcontracts, and sub-grants sufficient to allow DBH to determine whether its approval is needed, and if so, whether approval must come before Grantee's execution of the contract or sub-grant.
3. The Grantee's contract or sub-grant shall specify that the contractor or sub-grantee, and its contractors, subcontractors, or sub-grantees, shall be subject to the conditions and prohibitions of the Grant Award.
4. Warranties for labor and materials shall be obtained for purchases of materials and labor having an aggregate value of over $5,000. These warranties shall be valid for at

least two (2) years. DBH may waive this requirement in writing for demonstration of good cause or research grants.

5. If the Grantee, its contractors, subcontractors, or sub-grantees disturbs work guaranteed under another District contract or grant, the Grantee shall be responsible to restore the disturbed work to a condition comparable to its original condition and warranty such restored work, or alternatively pay the District for the damage.
6. No grantee shall use grant funds to procure services or materials from a vendor, contractor, or subcontractor that is suspended or debarred by the District or the federal government as may be found here: https://ocp.dc.gov/page/excluded-parties-list (DC), and here: https://www.sam.gov/SAM/ (Federal).

Patient Confidentiality

The Grantee shall ensure that its employees, volunteers and sub-awardees adhere to all applicable Federal and Local statutes and regulations addressing patient confidentiality, including HIPAA, the D.C. Mental Health Information Act and 42 CFR Part 2.

Establishing and Managing Sub-Awards

If the Grant authorizes or provides for sub-awards, as a pass-through entity, the Grantee must:

1. Be responsible for selecting sub-awardees and as appropriate conducting sub-award competitions. When using DBH or federal pass-through funds, the Grantee will establish a fair, open, transparent competitive process for the awarding of funds either through a contract, cooperative Agreement or grant instruments. A competition is a process that provides for the following:
    a. Notice of Funding has been publicized;
    b. Applications are easily available to all prospective applicants;
    c. Applications are reviewed in an objective manner against an established public scoring criteria; and
    d. Reviewers have no conflict of interest with any of the submitting applicant organizations.
2. Funds disbursed in a non-competitive manner may be disallowed and appropriate grant management sanctions issued.
3. The Grantee will submit for approval any Requests for Proposal or Requests for Applications before released.
4. The Grantee will submit for approval the unsolicited grant submission process before it is announced.

5. The Grantee shall ensure that all sub-award agreements are in writing, meet all legal and regulatory requirements and address all of the elements for sub-award agreements identified in the NOGA.
6. The Grantee shall establish and follow a system for monitoring sub-awardee performance that includes elements required by the grant award, the SAMHSA grant award (if applicable) and this Appendix, and report the results of the monitoring in performance reports required by this document and/or the grant award.
7. The Grantee shall establish and maintain an accounting system that ensures compliance with the maximum funding limitation established in the grant award, the SAMHSA grant award (if applicable) and with the requirements for payment of costs under the grant. This includes establishment of written procedures for determining that sub-award costs are allowable under the terms and conditions of the grant award and this Appendix, and may provide for determinations on a pre-award basis, through ongoing monitoring of costs that sub-grantees incur, or a combination of both approaches, provided the Grantee documents its determinations.
8. The Grantee shall extend the Grant's DBH-approved indirect cost rate to payments made to a nonprofit sub-grantee or to a nonprofit contractor. Except that the following are excluded from this paragraph's requirement of this compensation structure: a foundation, hospital, college, and university.

Modifications of the Grant, including Extensions and Increases

The terms and conditions of the grant may be modified only upon DBH's prior written approval. The modification shall take the form of an amendment to the NOGA.

1. Through an amendment, DBH may*, inter alia,* increase or reduce the grant amount and/or extend or reduce the project period.
2. If DBH notifies the Grantee that a funding increase or an extension of the project period is available, the Grantee must apply for the increase or extension in writing according to the terms of the DBH notification.

Staffing Plan, Work Plan, Budgets and Organizational/Personnel Requirements

Upon signing the Grant Agreement, the Grantee shall have and maintain on file with DBH an approved staffing plan, work plan and budget. The Grantee must implement the funded

program in accordance with requirements outlined in approved staffing plan, budgets and work plans. Any revision or alteration of these plans must have prior approval by the Project Director or his/her designee. Further:

1. The Grantee shall maintain a current organizational chart, which displays organizational relationships and demonstrates who has responsibility for administrative oversight and supervision over each priority service activity.
2. The Grantee shall ensure that adequate, competent and trained personnel are provided to oversee the implementation of the activities supported by the grant.
3. The Grantee shall ensure that personnel records, background checks (if applicable under the governing statutes or regulations), job descriptions, application for employment, licensing or certification criteria, descriptions of duties, hours of work, salary range and performance evaluation criteria are maintained in individual personnel records for staff assigned to the funded project.
4. The Grantee must maintain record of personnel actions, including time records, documentation of all training received, notation of any allegations of professional or other misconduct including a detailed description of the allegations, and if terminated, the date and reason for the termination from employment. All these personnel materials shall be made available to the Project Director upon request.

Profit and Program Income Requirements for Commercial Organization Grantees

All commercial organizations awarded DBH sub-grants funded in whole or part by the United States Department of Health and Human Services (HHS) shall comply with 2 CFR § 300.218 and any other applicable federal or District law or regulation governing profit and program income. Specifically, with the exceptions of grant awards made under the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs, no HHS funds may be paid as profit to any for[-profit] commercial organization even if the

grantee is a commercial organization. Profit is any amount in excess of allowable direct and indirect costs.

Except for grants for research, program income earned by a commercial organization may not be used to further eligible project or program objectives except in the SBIR or STTR programs.

Commercial organizations that receive awards (including for-profit hospitals) have two options regarding audits:

(a) A financial related audit of a particular award in accordance with Generally Accepted Government Auditing Standards issued by the Comptroller General of the United States, in those cases where the commercial organization receives awards under only one HHS program; or if awards are received under multiple HHS programs, a financial audit of all awards in accordance with Generally Accepted Government Auditing Standards issues by the Comptroller General of the United States; or
(b) An audit that meets the requirements of 2 CFR 200.501.

Commercial organizations that receive annual awards totaling less than the audit requirements of 2 CFR 200.501 are exempt from the audit requirements for that year. However, records must be available for review by appropriate officials of federal agencies or the Government Accountability Office.

Profit and Program Income Requirements for Non-Federal Entities

Pursuant to 2 CFR §§ 200.1 and 200.307, a non-federal entity (a state, Local government, Indian tribe, institution of higher education (IHE) or nonprofit organization that carries out a federal reward as a recipient or a sub-recipient) is encouraged to earn income to defray program costs where appropriate. All non-federal entities in receipt of sub-grants funded in whole or part by HHS must adhere to the requirements of 2 CFR §§ 200.307 and 200.407 concerning program income.

Indirect Cost

Facilities and Administration Classification. For major IHEs and major nonprofit organizations, indirect (F&A) costs must be classified within two broad categories: “Facilities” and “Administration.” “Facilities” is defined as depreciation on buildings, equipment and capital improvement, interest on debt associated with certain buildings, equipment and capital improvements, and operations and maintenance expenses. “Administration” is defined as general administration and general expenses such as the director's office, accounting, personnel and all other types of expenditures not listed specifically under one of the subcategories of “Facilities” (including cross allocations from other pools, where applicable).

Identification with a Federal award rather than the nature of the goods and services involved is the determining factor in distinguishing direct from indirect (F&A) costs of Federal awards. However, typical examples of indirect (F&A) cost for many nonprofit organizations may include depreciation on buildings and equipment, the costs of operating and maintaining facilities, and general administration and general expenses, such as the salaries and expenses of executive officers, personnel administration, and accounting.

Any non-Federal entity that has never received a negotiated indirect cost rate, may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in 2 CFR § 200.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.

Any non-Federal entity that has a current federally negotiated indirect cost rate may apply for a one-time extension of the rates in that agreement for a period of up to four years. This extension will be subject to the review and approval of the cognizant agency for indirect costs. If an extension is granted the non-Federal entity may not request a rate review until the extension period ends. At the end of the 4-year extension, the non-Federal entity must re-apply to negotiate a rate. Subsequent one-time extensions (up to four years) are permitted if a renegotiation is completed between each extension request.

Indirect Costs Calculation

Indirect costs are costs that are not readily identifiable with a particular project or activity but are required for operating the organization and conducting the grant-related activities it performs. Indirect costs encompass expenditures for operation and maintenance of building and equipment, depreciation, administrative salaries, general telephone services and general travel and supplies. For federally funded grants, indirect costs are applied in compliance with 2 CFR 200.332.

For locally funded grants, DC Law 23-185, the Nonprofit Fair Compensation Act of 2020 (D.C. Official Code sec. 2-222.01 et seq.) allows a nonprofit organization to (1) apply a federal Negotiated Indirect Cost Rate Agreement (NICRA) to the grant funds and approved budget, (2) negotiate a new percentage indirect cost rate with the District grantmaking agency, (3) use a previously negotiated rate within the last two years from another District government agency, or (4) use an independent certified public accountant's calculated rate using OMB guidelines.

If the organization does not have an indirect rate from one of the four aforementioned approaches, they may apply a de minimis indirect rate of 10% of total direct costs for locally funded grants and 15% for federally funded grants.

Federal rules always control for federal funding. For federal funding that passes through the District to the grantee, the indirect cost rate must be consistent with federal regulation 2 CFR 200.332.

If the Applicant proposes to use the services of a nonprofit subgrantee or contractor, it must propose to apply the same indirect cost rate to that entity's services. (See Attachment-1. General Terms & Conditions, Establishing and Managing Subgrant, #8)

Client Records (if there are no client services provided, this term is not applicable)

1. The Grantee shall establish and maintain a protocol for maintaining and storing client records that is compliant with the HIPAA security and privacy rules, the Mental Health Information Act (D.C. 2. The Grantee shall identify an emergency site facility to finish the grant activities in the event that the primary facility becomes unavailable for use due to a catastrophic event.
3. Each facility controlled by the Grantee that is used for activities under the grant shall be accessible to mobility-limited persons consistent with the Rehabilitation Act of 1973 as amended, 29 U.S.C. §§ 701 *et seq*., and the Americans with Disabilities Act, 42 U.S.C. §§ 12101 *et seq*.

2. For each Big Grant Purchase, the Grantee shall give advance written notice to DBH to allow DBH to approve or disallow the purchase.
3. Identification of a Big Grant Purchase in DBH-approved proposal constitutes approval of the Big Grant Purchase. If a Big Grant Purchase is not identified in a DBH-approved proposal, advance notice shall be given four (4) weeks in advance of the commitment to purchase. DBH may waive this time period in writing for good cause.
4. Within sixty (60) calendar days of execution of the award, the Grantee must provide the Project Director with an inventory of all equipment and supplies with a purchase price not exceeding $10,000 (per item) purchased with grant funds.

ATTACHMENT 3 – PROGRAM INCOME AND FINANCIAL DISCLOSURE

What is Program Income?

Program income means gross income earned by the non-Federal entity that is directly generated by a supported activity earned as a result of the Federal award during the period of performance. Program income includes but is not limited to income from fees for services performed, the use or rental or real or personal property acquired under Federal awards, the sale of commodities or items fabricated under a Federal award, license fees and royalties on patents and copyrights, and principal and interest on loans made with Federal award funds. Interest earned on advances of Federal funds is not program income.

The Department of Behavioral Health (DBH) requires sub-grantees to identify and document program income on projects/services. The nature of this income must be appropriately documented and the resulting revenue properly recorded. All sub-grantees should be aware of how program income will be used and reported due to a possible impact on the scope of work of the award.

Program income must be utilized in a manner that is allocable, allowable, and reasonable to the project. Expenses that are unallowable on the main project are also unallowable on the program income account.

The DBH Fiscal Monitor will review all budgets and budget modifications and flag any activity/service that has a potential to generate income with the Project Director and sub-grantee. Any flagged activity/service will be reviewed by the fiscal monitor and project director monthly, no less than quarterly with the sub-grantee.

Procedure for Monitoring Program Income:

- Sub-grantee identifies program income activity/service.
- Program income account is established by the sub-grantee.
- Revenue is received and deposited into the program income account.
- The sub-grantee certifies receipt of program income to Fiscal Monitor and Project Director through DBH Program Income Reporting Worksheet monthly, no less than quarterly.
- Fiscal monitor reviews the Income Reporting Worksheet and supporting documentation with the Project Director. Reconciliation is performed with supporting documentation and DBH data systems.

- DBH reports to applicable Federal agency a summary of all sub-grantees that accrued program income and the amount.

LIST OF CERTIFICATIONS

I. CERTIFICATION REGARDING LOBBYING

Title 31, United States Code, Section 1352, entitled "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions," generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non-appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING $100,000 in total costs (45 CFR Part 93). By signing, the Applicant/Grantee is providing certification set out in Appendix A to 45 CFR Part 93.

2. CERTIFICATION REGARDING PROGAM FRAUD CIVIL REMEDIES ACT (PFFCRA)

The undersigned (authorized official signing for the Applicant/Grantee organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent

statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the applicant organization will comply with the Department of Health and Human Services terms and conditions of award if a grant is awarded as a result of this application.

3. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, daycare, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

The authorized official signing for the Applicant/Grantee organization certifies that the Applicant/Grantee organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The applicant organization agrees that it will require that the language of this certification be included in any sub-awards which contain provisions for children's services and that all sub-recipients shall certify accordingly.

HHS strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the HHS mission to protect and advance the physical and mental health of the American people.

The person whose signature appears below is authorized to sign this assurance and commit the Applicant/Grantee to the above provisions.

ATTACHMENT 10 – SPECIAL TERMS OF STATE OPIOID RESPONSE FUNDING

As a sub-recipient of State Opioid Response (SOR) Grant funds, I certify that my agency/organization _____ will comply with the following terms:

SOR grant funds must be used to fund prevention, overdose prevention, treatment, and recovery support services and evidence-based practices that are appropriate for the population(s) of focus.

SOR funds shall not be utilized for services that can be supported through other accessible sources of funding such as other federal discretionary and formula grant funds, e.g., HHS (CDC, CMS, HRSA, and SAMHSA), DOJ (OJP/BJA) and non-federal funds, third party insurance, and sliding scale self-pay, among others.

SOR funds for treatment and recovery support services shall only be utilized to provide services to individuals that specifically address opioid or stimulant misuse issues. If either an opioid or stimulant misuse problem (history) exists concurrently with other substance use, all substance use issues may be addressed. Individuals who have no history of or no current issues with opioids or stimulants misuse shall not receive treatment or recovery services with SOR grant funds.

Sub-grantees are expected to report data as required in the Funding Opportunity Announcement and to fully participate in any SAMHSA-sponsored evaluation of this program. All required data must be reported to SAMHSA's Performance Accountability and Reporting System (SPARS) system within SAMHSA-specified timelines. The submission of this data in the form required by SAMHSA is a requirement of funding. Noncompliance with this requirement may result in restricted access to funding for this year or limited or no access to funding in the future grant year.

Sub-grantees are required to work with SAMHSA-funded SOR/Tribal Opioid Response Technical Assistance Training (TA/T) grant as the primary means of TA provision.

Funds may not be expended through the grant or a subaward by any agency which would deny any eligible client, patient or individual access to their program because of their use of FDA-approved medications for treatment of substance use disorders (e.g., methadone, buprenorphine products including buprenorphine/naloxone combination formulations and buprenorphine monoproduct formulations, naltrexone products including extended-release and oral formulations or long acting products such as extended release injectable

or implantable buprenorphine.) Specifically, patients must be allowed to participate in methadone treatment rendered in accordance with current federal and state methadone dispensing regulations from an Opioid Treatment Program and ordered by a physician who has evaluated the client and determined that methadone is an appropriate medication treatment for the individual's opioid use disorder. Similarly, medications available by prescription or office-based implantation must be permitted if it is appropriately authorized through prescription by a licensed prescriber or provider. In all cases, MOUD must be permitted to be continued for as long as the prescriber or treatment provider determines that the medication is clinically beneficial. Recipients must assure that clients will not be compelled to no longer use MOUD as part of the conditions of any programming if stopping is inconsistent with a licensed prescriber's recommendation or valid prescription.

Sub-grantees are strictly prohibited from using Federal funds, directly or indirectly, including through cost-sharing, matching funds, or subsequent reimbursement, to support so-called "harm reduction" or "safe consumption" efforts that facilitate illegal drug use.

Specifically, grant funds must not be used to purchase, distribute, or otherwise support the provision of drug paraphernalia as defined by applicable law. This includes, but is not limited to, syringes, needles, pipes, or other supplies used for the injection, inhalation, or ingestion of illicit drugs. Funds are also prohibited from being used for sterile water, saline, or ascorbic acid when intended to facilitate drug use. While these prohibitions are in effect, this does not preclude the use of grant funds for legally permissible supplies and activities that align with evidence-based practices, such as the provision of naloxone or nalmefene, fentanyl or other drug test strips, or the facilitation of referrals to treatment.

SOR funds shall not be utilized to provide incentives to any Health Care Professional for receipt of a DATA Waiver or any type of Professional Development Training.

Sub-grantees are required to track funding of activities by providers and be prepared to submit these data to DBH upon request.
