**PART I - THE SCHEDULE**  
**SECTION C**  
**DESCRIPTION/SPECIFICATIONS/ STATEMENT OF WORK**

**C.1 BACKGROUND**

C.1.1 The District of Columbia, Department of Mental Health (DMH), Saint Elizabeths Hospital (SEH) provides 24-hour in-patient mental health care to residents of the District of Columbia. The scope of this work is within the New Hospital. Saint Elizabeths Hospital, in support of its internally-maintained cafeteria, is in search of a Vendor to provide a cashless/prepaid card distribution system.

**C.2 SCOPE OF SERVICES**

C.2.1 Saint Elizabeths Hospital recently opened a new Hospital facility located in Southeast Washington, D.C. The facility shall house 292 patients and over 800 staff members. In this new facility, the Hospital is preparing to open Lizzie's Café, a Hospital-run cafeteria open to patients, staff, family members and the general public. Lizzie's Café shall be open for breakfast, lunch and dinner. For the safety and convenience of patrons, a Cashless/prepaid card system is being proposed.

**C.2.2 Proposed Cashless/Prepaid Card Distribution System**

C.2.3 There are two different types of cashless/prepaid card distribution systems: online and offline systems. Offline systems utilize a card dispenser, blank pre-determined value cards and card readers. The card dispenser, which is a self standing kiosk, would accept cash and credit cards. The dispenser distributes a magnetic strip encoded card reflecting the purchased value. These cards are re-loadable, i.e. additional value can be added once a card has been purchased. These cards cost about \$.50 each and are sold in 500 card packages. The patron then presents the card at the time of a purchase and the card is fed into a card reader, which deducts the necessary amount from the card. The card reader is attached, through an interface, to the cash register. The cards can only be utilized at Saint Elizabeths Hospital. These systems range in price from \$5,000 to \$15,000.

C.2.4 Online systems utilize a card dispenser, blank pre-determined value cards, bar coded cards provided by the purchaser, Point of Sale wands and interfaced cash registers. The card dispenser, which is a self standing kiosk, would accept cash and credit cards. The dispenser distributes a magnetic strip encoded card reflecting the purchased value. The cards are re-loadable, i.e. additional value can be added once a card has been purchased. As previously noted, these cards cost about \$.50 each and are sold in 500 card packages. For employees of the Hospital, the DC One card can be utilized as a prepaid card. Specifically, a database of employees and the identification card numbers are provided to the vendor and accounts are created for each employee. When an employee attempts to place value on the identification card, the account is accessed and the value is reflected on the card and the account. Patrons and employees can present the cards or identification cards, respectively, at the time of a purchase. Either card can be read by a Point of Sale wand, which interfaces with a specially designed cash register. These systems range in price from \$15,000 to over \$40,000.

### **C.2.5 Installation**

C.2.6 Regardless of the system chosen, the Hospital would expect the selected vendor to provide the necessary installation/setup of the system. Ideally, any additional cost to provide these services would be incorporated into the total cost of the system.

### **C.2.7 Maintenance**

C.2.8 To maintain a cashless/prepaid card system, a couple of different things are needed. First, a specific division would need to be designated to physically service the machine. Ideally, this would be either Materials Management or the Facilities and Environment Department. Physical repairs would be completed by one of these two groups, with online or telephone guidance by the vendor. Technical support and maintenance agreements are generally part of the total cost of the system. Second, a specific division would need to be designated to handle all funds generated from the dispenser. This would include routinely maintaining and removing all revenue generated, ensuring blank cards are in the dispenser and any other revenue-related responsibilities.

## **C.3 SPECIFIC REQUIREMENTS**

### **C.3.1 Minimum requirements for a cashless/prepaid card system**

The proposed system shall, at a minimum, meet the following requirements:

- 1) Prepaid cards shall be available through an operator-less kiosk;
- 2) If possible, the distribution system should allow for the use of barcode codes (i.e. identification cards);
- 3) The kiosk must accept cash, coins and credit cards;
- 4) Prepaid cards must be compatible with traditional point of sale cash registers and systems;
- 5) Prepaid cards must be available in multiple denominations (\$1, \$5, \$10 and \$20)
- 6) The selected vendor must setup, install and maintain the system;
- 7) The selected system must meet all security requirements (physical and IT-related);
- 8) The vendor should have a local presence to insure prompt service and maintenance of the system.

- (c) DMH shall notify the Business Associate of any restriction to the use or disclosure of Protected information that DMH has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect the Business Associate's use or disclosure of Protected information.

### H.2.5 Permissible Requests by DMH

- (a) DMH shall not request the Business Associate to use or disclose protected

information in any manner that would not be permissible under the confidentiality law or privacy rule if done by DMH.

#### H.2.6 Term and Termination

- (a) Term. The requirements of this HIPAA Privacy Compliance Clause shall be effective as of the date of Contract award and shall terminate when all of the protected information provided by DMH to the Business Associate, or created or received by the Business Associate on behalf of DMH, is destroyed or returned to DMH, or, if it is infeasible to return or destroy Protected information, protections are extended to such information, in accordance with the termination provisions in this Section.
- (b) Termination for Cause. Upon DMH's knowledge of a material breach of this Section H.2 by the Business Associate, DMH shall either:
  - (1) Provide an opportunity for the Business Associate to cure the breach or end the violation and terminate the Contract if the Business Associate does not cure the breach or end the violation within the time specified by DMH;
  - (2) Immediately terminate the Contract if the Business Associate has breached a material term of this HIPAA Privacy Compliance Clause and cure is not possible; or
  - (3) If neither termination nor cure is feasible and the breach involves protected health information, DMH shall report the violation to the Secretary.
- (c) Effect of Termination.
  - (1) Except as provided in Section H.2.6(c)(2), upon termination of the Contract, for any reason, the Business Associate shall return or destroy all protected information received from DMH, or created or received by the Business Associate on behalf of DMH. This provision shall apply to protected information that is in the possession of Subcontractors or agents of the Business Associate. The Business Associate shall retain no copies of the protected information.
  - (2) In the event that the Business Associate determines that returning or destroying the protected information is infeasible, the Business Associate shall provide to DMH notification of the conditions that make return or destruction infeasible. Upon determination by the Director, Contracts and Procurement/Agency Chief Contracting Officer that return or destruction of protected information is infeasible, the Business Associate shall extend the protections of this Agreement to such protected information and limit further uses and disclosures of such protected information to those purposes that make the return or destruction infeasible, for so long as the Business Associate maintains such protected information.

- (c) Survival. The respective rights and obligations of the Business Associate under Section H.2.6 of this Clause and Sections 9 and 20 of the Standard Contract Provisions for use with District of Columbia Government Supply and Services Contracts, effective July 2010, shall survive termination of the Contract.
- (d) Interpretation. Any ambiguity in this Section H.2 shall be resolved to permit DMH to comply with the Privacy Rule.

Upon receiving the Notice to Cure document, the Contractor shall provide DMH with their assessment of the identified deficiencies in order to reach an agreement on a proactive plan to resolve the matter. The assessment of Liquidated Damages as determined by the Director, Contracts and Procurement/Agency Chief Contracting Officer shall be in an amount of \$100.00 per day against the Contractor until such time that the Contractor has cured its deficiencies and is able to satisfactorily perform the tasks required under this Contract.
- H.4.2 When Contractor is unable to cure its deficiencies in a timely manner and DMH requires a replacement Contractor to perform the required services, Contractor shall be liable for Liquidated Damages accruing until the time DMH is able to award said Contract to a qualified responsive and responsible Contractor. Additionally, if Contractor is found to be in default of said Contract under the Default Clause of the Standard Contract Provisions, the original Contractor is completely liable for any and all total cost differences between their Contract and the new Contract awarded by DMH to the replacement Contractor.

### **I.4 TIME**

**I.4.1** Time, if stated in a number of days, includes all calendar days unless otherwise stated. Business days shall mean all days excluding Saturdays, Sundays, Holidays and other days in which District government is closed.

### **I.5 SUSPENSION OF WORK**

**I.5.1** The Director, Contracts and Procurement/Agency Chief Contracting Officer may order the Contractor, in writing, to suspend, delay, or interrupt all or any part of the work of this Contract for the period of time that the Director, Contracts and Procurement/Agency Chief Contracting Officer determines appropriate for the convenience of the District. If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed or interrupted by an act of the Director, Contracts and Procurement/Agency Chief Contracting Officer in the administration of this Contract, or by the Director, Contracts and Procurement/Agency Chief Contracting Officer's failure to act within the time specified in this Contract (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this Contract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption and the Contract modified in writing accordingly.

**I.5.2** No adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an equitable adjustment is provided for or excluded under any other term or condition of this Contract.

**I.5.3** A claim under this clause shall not be allowed for any costs incurred more than twenty (20) days before the Contractor shall have notified the Director, Contracts and Procurement/Agency Chief Contracting Officer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the Contract.

**I.6 STOP WORK ORDER**

**I.6.1** The Director, Contracts and Procurement/Agency Chief Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this Contract for a period of ninety (90) days after the order is delivered to the Contractor and for any further period to which the parties may agree.

**I.6.2** The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurring of costs allocable to the work covered by the order during the period of work stoppage. Within a period of ninety (90) days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Director, Contracts and Procurement/Agency Chief Contracting Officer shall either cancel the stop-work order; or terminate the work covered by the order as provided in the Default or Termination for Convenience clauses in the Standard Contract Provisions.

**I.6.3** If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Director, Contracts and Procurement/Agency Chief Contracting Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both and the Contract shall be modified, in writing, accordingly.

**I.6.4** If the stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this Contract; and the Contractor asserts its right to the adjustment within thirty (30) days after the end of the period of work stoppage; provided, that, if the Director, Contracts and Procurement/Agency Chief Contracting Officer decides the facts justify the action, the Director, Contracts and Procurement/Agency Chief Contracting Officer may receive and act upon the claim submitted at any time before final payment under this Contract.

**I.6.5** If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the District, the Director, Contracts and Procurement/Agency Chief Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

**I.6.6** If a stop-work order is not canceled and the work covered by the order is terminated for default, the Director, Contracts and Procurement/Agency Chief Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

- I.12.5** All data first produced in the performance of this Contract shall be the sole property of the District. The Contractor hereby acknowledges that all data, including, without limitation, computer program codes, produced by Contractor for the District under this Contract, are works made for hire and are the sole property of the District; but, to the extent any such data may not, by operation of law, be works made for hire, Contractor hereby transfers and assigns to the District the ownership of copyright in such works, whether published or unpublished. **I.12.13** Paragraphs I.5.6, I.5.7, I.5.8, I.5.11 and I.5.12 above are not applicable to material furnished to the Contractor by the District and incorporated in the work furnished under Contract, provided that such incorporated material is identified by the Contractor at the time of delivery of such work
