SECTION C

DESCRIPTION/SPECIFICATIONS/ STATEMENT OF WORK

C.1 BACKGROUND

In 2005, the District of Columbia Department of Mental Health (DMH) introduced Intensive Home and Community Based Services (IHCBS)¹ into its array of Mental Health Rehabilitation Services (MHRS) menu as an intensive, time-limited service to seriously disturbed children and their families. IHCBS is a promising practice aimed at building the community based service array to support the goal of maintaining youth in the community in lieu of more restrictive psychiatric residential treatment facility (PRTF) and detention center placements. The service was introduced through a competitive grant process, with the award going to one provider. In FY06, the service was integrated into MHRS as three distinct treatment modalities: Community Based Intervention (CBI) Level I, which is Multi-Systemic Therapy (MST); and CBI Level II and CBI Level III, which are delivered in accordance with the IHCBS model, and are designed to de-escalate crises and stabilize the child and family's situation.

In 2007, DC DMH again provided CBI training to the provider community and required CBI training for all certified CBI providers. The training incorporated a training-consultation model to strengthen learning through supported practice and included a train-the-trainer component intended to build local training capacity.

C.2 INTRODUCTION

CBI Services are time-limited, intensive mental health services delivered to children and youth ages six (6) through twenty-one (21). CBI Services are intended to prevent the utilization of an out-of-home therapeutic resource or detention of the consumer. The service may be provided at the time a child or youth is identified for a service, particularly to meet an urgent or emergent need during his or her course of treatment (MHRS Provider Certification Standards, Community Based Intervention, December 2007).

Consumers of CBI Services have insufficient or severely limited individual or family resources or skills to cope with an immediate crisis as well as individual or family issues that are unmanageable and require more intensive coordinated clinical and positive behavioral interventions (MHRS Provider Certification Standards, Community Based Intervention, December 2007).

There are three levels of CBI services provided under MHRS:

- CBI Level I, which follows the Multi-Systemic Therapy (MST) model, is used with children and youth who have a documented behavior concern with aggressive and violent behaviors and a history of chronic juvenile offenses that have or may result in juvenile justice involvement. CBI level I consumers should be at imminent risk for out of home placement within 30 days or currently in out of home placement with permanent placement expected to occur within 30 days. CBI level I requires a permanent caregiver who is willing to participate in service for the duration of treatment, which is not to exceed a six (6) month period.

¹IHCBS is catalogued in Mental Health Rehabilitation Services (MHRS) as Community Based Intervention [CBI]

- CBI Level II, which utilizes the Intensive Home and Community Based Services (IHCBS) treatment model, is intended for children and youth who are multi-agency involved or have either chronic or recurrent episodes of emotional and behavioral issues that have or may result in out of home placement. CBI Level II also has treatment duration of six (6) months.
- CBI Level III also utilizes the IHCBS model; and is intended for children and youth who have situational behavioral problems that require short term, intensive treatment with expected treatment duration of ninety (90) days.

C.2.1 The basic goals of CBI treatment modalities shall:

- (1) Defuse the consumer's current situation to reduce the likelihood of a recurrence, which, if not addressed, could result in the use of more intensive therapeutic interventions, and/or an out-of-home placement;
- (2) Coordinate access to covered mental health services and other covered Medicaid services;
- (3) Provide mental health services and support interventions for consumers that develop and improve consumer and family interaction and improve the ability of parents, legal guardians, or caregivers to care for the consumer; and
- (4) Transition the consumer to an appropriate level of care following the end of CBI treatment services (CBI Rules, December 2007).

C.2.2 All levels of CBI services shall include:

- Immediate crisis response for enrolled consumers;
- Stabilization services;
- Environmental assessment for the identification of risk;
- Individual and family counseling or therapy;
- Skills training;
- Coordination and linkage with other covered MHRS and supports and other covered Medicaid services; and
- Development of an Individualized Plan of Care (IPC) and Individualized Service Specific Plan (ISSP) (CBI Rules, December 2007).

C.2.3 Children and youth who receive CBI services shall be expected to have the following outcomes:

- Increase in pro-social behaviors;
- Increase in school attendance;
- Decrease in utilization of out-of-home therapeutic resources and/or an out-of-home/acute placement; and
- Decrease in involvement with the juvenile justice system.

C.3 SCOPE OF WORK

The purpose of Community Based Intervention (CBI) Training is to provide training and ongoing coaching to current CBI providers and agencies intending to become a certified CBI provider as well as a Train the Trainer component. The CBI training shall incorporate the use of treatment manuals, in person training workshops, booster training sessions, and ongoing online and telephonic consultations. Additionally, Contractor is expected to establish a CBI Learning Collaborative with training participants for clinical consultation on barrier identification and solution formation. Contractor shall conduct quality improvement activities to monitor the implementation and fidelity to the intensive home and community based services (IHBCS) model. The goal is to prepare training participants to implement the IHBCS model and sustain use of the model over time.

C.3.1 The CBI Training Team shall utilize the IHBCS model that minimally requires that staff receive training on the following nine competencies:

- (1) **Service Philosophy** – the understanding of the IHBCS service model including its evolution, definition, theoretical assumptions and approach, goals and rationale;
- (2) **Family Systems** – the understanding of family transactional patterns that are conducive or harmful to child and adolescent development and the procedures for creating a developmentally facilitative family environment;
- (3) **Risk Assessment and Crisis Stabilization** – the understanding of the enormous therapeutic value crises and distress may present and how to use crises as a catalyst for positive behavior change;
- (4) **Parenting Skills** – the understanding of the parenting role and the procedures for building a therapeutic alliance with a parent, facilitate an improved relationship or improved communication between the parent and child/youth, and increase the parents' knowledge about and effectiveness of parenting practices;
- (5) **Cultural Competency** – the understanding of and an ability to utilize racial and cultural sensitivity to develop a treatment plan tailored to each child/youth and family;
- (6) **Intersystem Collaboration and Family Team Conferencing** – the understanding of methods to facilitate high levels of collaborative involvement among all the systems connected to children/youth (i.e. knowledge of other systems, system advocacy, roles, responsibilities and mandates of other child-serving agencies, and facilitating family team conferencing as a method for treatment planning);
- (7) **Educational and Vocational Functioning** – the understanding of the role of educational and vocational programs in the promotion of pro-social behaviors;
- (8) **Strength-based assessment and treatment planning** – the ability to develop strength-based assessments and treatment planning methods through family team conferencing; and
- (9) **Differential Diagnosis** – the competency of differential diagnosis among staff qualified to diagnose.

C.3.2 Training Schedule:

- Training Sessions @ 70 participants for new CBI training participants: one day sessions. Contractor shall specify the number of one day training sessions they are able to provide.
- Booster Sessions @ 70 participants for existing CBI providers: one day sessions. Contractor shall specify the number of one day booster sessions they are able to provide.
- Online/Telephonic Consultations for a minimum of one hour each session. Contractor shall specify the number of online/telephonic consultations they are able to provide.

C.4 DELIVERABLES

C.4.1 Contractor shall comply with timely execution of the proposed training plan, approved by DMH which delineates specific timelines by which Contractor shall accomplish all deliverables under this Contract.

C.4.2 Contractor shall conduct trainings in accordance to the approved IHCBS curriculum-based training for MHRS certified CBI providers or providers intending to become CBI-certified. The core training should include no less than 36 hours of didactic sessions.

C.4.3 Contractor shall provide ongoing technical assistance and coaching for a minimum of one hour each consultation session to trained teams. The consultation shall be provided up to forty weeks online or via telephone.

C.4.4 Contractor shall provide ongoing quarterly booster sessions for training participants for the first three quarters. These trainings shall be one eight hour day and shall entail in-depth case studies and reviews one hour to assess fidelity to the model during the implementation.

- All program activities of the Contract.
- During planning for trainings, Contractor shall describe such activity including pre-training activities with potential training participants from Core Service Agencies (CSA)s and Specialty providers for the training.
- Once training has commenced, quarterly reports shall reflect summaries of training attendance, strengths and challenges of each session, progress of the technical assistance, including outcome of online/telephonic consultation sessions.

If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed or interrupted by an act of the Director, Contracts and Procurement/Agency Chief Contracting Officer in the administration of this Solicitation, or by the Director, Contracts and Procurement/Agency Chief Contracting Officer's failure to act within the time specified in this Solicitation (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this Solicitation (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the Contract modified in writing accordingly.

I.6.2 No adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of Contractor, or for which an equitable adjustment is provided for or excluded under any other term or condition of this Solicitation.

I.6.3 A claim under this clause shall not be allowed for any costs incurred more than twenty (20) days before Contractor shall have notified the Director, Contracts and Procurement/Agency Chief Contracting Officer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the Contract.

I.7 STOP WORK ORDER

I.7.1 The Director, Contracts and Procurement/Agency Chief Contracting Officer may, at any time, by written order to Contractor, require Contractor to stop all, or any part, of the work called for by this Solicitation for a period of ninety (90) days after the order is delivered to Contractor, and for any further period to which the parties may agree.

I.7.2 The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurring of costs allocable to the work covered by the order during the period of work stoppage. Within a period of ninety (90) days after a stop work is delivered to Contractor, or within any extension of that period to which the parties shall have agreed, the Director, Contracts and Procurement/Agency Chief Contracting Officer shall either cancel the stop-work order; or terminate the work covered by the order as provided in the Default or Termination for Convenience clauses in the Standard Contract Provisions (Attachment J.1).

I.7.3 If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, Contractor shall resume work. The Director, Contracts and Procurement/Agency Chief Contracting Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be modified, in writing, accordingly.

I.7.4 If the stop-work order results in an increase in the time required for, or in Contractor's cost properly allocable to, the performance of any part of this Solicitation; and Contractor asserts its right to the adjustment within thirty (30) days after the end of the period of work stoppage; provided, that, if the Director, Contracts and Procurement/Agency Chief Contracting Officer decides the facts justify the action, the Director, Contracts and Procurement/Agency Chief Contracting Officer may receive and act upon the claim submitted at any time before final payment under this Solicitation.

I.7.5 If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the District, the Director, Contracts and Procurement/Agency Chief Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

I.7.6 If a stop-work order is not canceled and the work covered by the order is terminated for default, the Director, Contracts and Procurement/Agency Chief Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

EVALUATION FACTORS

M.1 EVALUATION FOR AWARD

Contractor shall be awarded to the responsive and responsible Prospective Contractor whose offer is most advantageous to the District, based upon the Evaluation Criteria specified below. Thus, while the points in the Evaluation Criteria indicate their relative importance, the total scores shall not necessarily be determinative of the award. Rather, the total scores shall guide the District in making an intelligent award decision based upon the Evaluation Criteria.

M.2 TECHNICAL RATING

Technical Rating Scale is as follows:

Numeric Rating	Adjective	Description
1	Unacceptable	Fails to meet minimum requirements; major deficiencies which are not correctable.
2	Poor	Marginally meets minimum requirements; significant deficiencies which may be correctable.
3	Acceptable	Meets requirements; only minor deficiencies which are correctable.
4	Good	Meets requirements; no deficiencies.
5	Excellent	Exceeds most, if not all requirements; no deficiencies.

For example, if a subfactor has a point evaluation of 0 to 6 points, and (using the Technical Rating Scale) the District evaluates as "good" the part of the proposal applicable to the subfactor, the score for the subfactor is 4.8 (4/5 of 6). The subfactor scores shall be added together to determine the score for the factor level.

M.5 PREFERENCE (___ Points)

M.6 TOTAL POINTS (___ Points)

M.7 CLAUSE APPLICABLE TO ALL OPEN MARKET SOLICITATIONS

- a. Preference for Local Businesses, Disadvantaged Businesses, Resident Business Ownerships or Businesses Operation in an Enterprise Zone.

1. General Preferences

Under the provisions of D.C. Law 13.169, "Equal Opportunity for Local, Small, or Disadvantaged Business Enterprises Amendment Act of 2000" (the "Act", as used in this section), the District shall apply preferences in evaluating offers from businesses that are local, disadvantaged, resident business ownership or located in an enterprise zone of the District of Columbia.

For evaluation purposes, the allowable preferences under the Act for this procurement are as follows:

1. Four percent reduction in the bid price or the addition of four points on a 100.point scale for a local business enterprise (LBE) certified by the Local Business Opportunity Commission (LBOC);
2. Three percent reduction in the bid price or the addition of three points on a 100.point scale for a disadvantaged business enterprise (DBE) certified by the LBOC;
3. Three percent reduction in the bid price or the addition of three points on a 100.point scale for a resident business ownership (RBO), as defined in Section 2 (a)(8A) of the Act, and certified by the LBOC; and
4. Two percent reduction in the bid price or the addition of two points on a 100.point scale for a business located in an enterprise zone, as defined in Section 2(5) of D.C. Law 12.268 and in 27 DCMR 899, 39 DCR 9087.9088 (December 4, 1992).

Any prime Contractor that is a LBE certified by the LBOC shall receive a four percent (4%) reduction in bid price for a bid submitted by the LBE in response to an Invitation for Bids (IFB) or the addition of four points on a 100.point scale added to the overall score for bids submitted by the LBE in response to a Request for Proposals (RFP).

Any prime Contractor that is a DBE certified by the LBOC shall receive a three percent (3%) reduction in the bid price for a bid submitted by the DBE in response to an IFB or the addition of three points on a 100-point scale added to the overall score for proposals submitted by the DBE in response to a RFP.

Any prime Contractor that is a RBO certified by the LBOC shall receive a three percent (3%) reduction in the bid price for a bid submitted by the RBO in response to an IFB or the addition of three points on a 100-point scale added to the overall score for proposals submitted by the RBO in response to a RFP.

Any prime Contractor that is a business enterprise located in an enterprise zone shall receive a two percent (2%) reduction in bid price for a bid submitted by such business enterprise in response to an IFB or the addition of two points on a 100-point scale added to the overall score for proposals submitted by such business in response to a RFP.

B. Preferences for Sub-Contracting in Open Market Solicitations with No LBE, DBE, RBO Sub-Contracting Set Aside

The preferences for sub-Contracting in open market solicitations where there is no LBE, DBE or RBO sub-Contracting set aside are as follows:

1. If the prime Contractor is not a certified LBE, certified DBE, certified RBO or a business located in the enterprise in an enterprise zone, the District shall award the above-stated preferences by reducing the bid price or by increasing the points proportionally based on the total dollar value of the bid or proposal that is designated by the prime Contractor for sub-Contracting with a certified LBE, DBE, RBO or business located in an enterprise zone.
2. If the prime Contractor is a joint venture that is not a certified LBE, certified DBE or certified RBO joint venture, or if the prime Contractor is a joint venture that includes a business in an enterprise zone but such business located in an enterprise zone does not own and control at least fifty-one percent (51%) of the joint venture, the District shall award the above-stated preferences by reducing the bid price or by increasing the points proportionally in the proposal based on the total dollar value of the bid or proposal that is designated by the prime Contractor for a certified LBE, DBE, RBO or business located in an enterprise zone, for participation in the joint venture.

For Example:

If a non-certified prime Contractor subContracts with a certified local business enterprise for a percentage of the work to be performed on an RFP, the calculation of the percentage points to be added during evaluation would be according to the following formula:

$$\frac{\text{Amount of subContract}}{\text{Amount of Contract}} \times 4^* = \text{Points Awarded for Evaluating LSDBE Sub-Contracting}$$

*Note: Equivalent of four (4) points on a 100 point scale

The maximum total preference under the act of this procurement is twelve percent (12%) for bids submitted in response to an IFB or the equivalent of twelve (12) points on a 100-point scale for proposals submitted in response to a RFP. Any prime Contractor receiving the full bid price reduction or point addition to its overall score for a particular preference shall not receive any additional bid price reduction or points for further participation on a sub-Contracting level for that particular preference. However, the prime Contractor shall receive a further proportional bid price reduction or point addition on a different preference for participation on a sub-Contracting level for that different preference. For example, if a LBE prime Contractor receives the four percent bid price reduction or the equivalent of four points on a 100-point scale, the LBE prime Contractor does not receive a further price reduction or additional points if such Contractor proposes sub-Contracting with an LBE. However, if this same LBE prime Contractor proposes sub-Contracting with a DBE, the LBE prime Contractor receives a further proportional bid price reduction or point addition for the DBE participation on the sub-Contracting level.

C. Preferences for Open Market Solicitation with LBE, DBE or RBO Sub-Contracting Set Aside

If the solicitation is an open market solicitation with LBE, DBE or RBO sub-Contracting set-aside, the prime Contractor shall receive the LBE, DBE, or RBO preferences only if it is a certified LBE, DBE or RBO. There shall be no preference awarded for sub-Contracting by the prime Contractor with a LBE, DBE or RBO, even if the prime Contractor proposes LBE, DBE, or RBO sub-Contracting above the sub-Contracting levels required by the solicitation. However, the prime Contractor shall be entitled to the full preference for business located in an enterprise zone if it is a business located in an enterprise zone or a proportional preference if the prime Contractor subContracts with a business located in an enterprise zone. The maximum total preference under the Act for this procurement is twelve percent (12%) for bids submitted in response to an IFB or the equivalent of twelve (12) points on a 100 point scale for proposals submitted in response to a RFP.

D. Preferences for Certified Joint Ventures Including Local or Disadvantaged Businesses or Resident Business Ownerships:

When an LBOC-certified joint venture includes a local business enterprise (LBE), disadvantaged business enterprise (DBE) or a resident business ownership (RBO), and the LBE, DBE or RBO owns and controls at least fifty-one percent (51%) of the venture, the joint venture shall receive the preference as if it were a certified LBE, DBE or RBO.

E. Preference for joint Ventures Including Businesses located in an Enterprise Zone

When a joint venture includes a business located in an enterprise zone, and such business located in an enterprise zone owns and controls at least fifty-one percent (51%) of the venture, the joint venture shall receive the preferences as if it were a business located in an enterprise zone.

1. Contractor Submission for Preferences

Any Contractor seeking to receive preferences on this solicitation shall submit at the time of, and as part of its bid or proposal the following documentation, as applicable to the preference being sought:

- (a) Evidence of Contractor's, sub-Contractor, or joint venture partner's certification or self-certification as a LBE, DBE, or RBO, to include:
- (1) A copy of all relevant letters of certification from the Local Business Opportunity Commission (LBOC); or

Businesses with principal offices located outside of the District of Columbia shall first be certified as LBEs before qualifying for self-certification.
2. Evidence that Contractor or any subContractor is located in an enterprise zone.

In order for an Contractor to receive allowable preferences under this solicitation, the Contractor shall include the relevant information as described in subparagraphs (a) and (b) of this clause, as part of its proposal.

Law 12.268, and other District laws, including debarment.

Local, Small, and Disadvantaged Business Enterprise Sub-Contracting

When a prime Contractor is certified by the Office of Local Business Development as a local, small or disadvantaged business or a resident business ownership, the prime Contractor shall perform at least fifty percent (50%) of the Contracting effort, excluding the cost of materials, good, and supplies with its own organization resources, and if it subContracts, fifty percent (50%) of the sub-Contracting effort, excluding the cost of materials, goods, and supplies shall be with certified local, small or disadvantaged business enterprises and resident business ownerships, unless a waiver is granted by the Contracting Officer, with prior approval and consent of the Director of the LBOC under the provisions of 27 DCMR 805, 39 DCR 5578.5580 (July 24, 1992). By submitting a signed bid or proposal, the prime Contractor certifies that it shall comply with the requirements of paragraph (a) of this clause.
