SUPPORTING COST DATA:

- 2.1 The Offeror shall provide, for each cost element, a narrative description, in sufficient detail, to demonstrate price reasonableness, credibility and reliability. The Offeror shall provide its assumptions and methodologies used to estimate each cost element (significant item and quantity estimates, labor hour expenditure patterns and mix, etc.). The following information shall be included in this section:
- 2.1.1. The Offeror's total estimated costs plus its fee (if applicable) for providing all of the requirements of the RFP, as proposed in their technical proposal. Offerors should support their best estimates of all costs (direct, indirect, profit, etc.) to be incurred in the performance of the contract.
 - 2.1.2. When proposing multiyear/option year pricing, the estimated proposed costs shall include a breakdown of all cost elements for the base year as well as each option/out-year. Labor, other direct costs, indirect costs and profit shall each be clearly identifiable. If different from the Defense Contract Auditing Agency (DCAA) or Department Of Labor (DOL) recommended rates, the Offeror shall provide a thorough explanation for the variation(s) of rates.
 - 2.1.3. The Cost Summary Format (Table 1.4) provides a format for the Offeror to submit to the District a pricing proposal of estimated cost by line item, along with supporting documentation that is adequately cross-referenced and suitable for cost realism analysis. A cost-element breakdown shall be attached for each proposed line item and must reflect any other specific requirements established by the Contracting Officer. When more than one contract line item is proposed, a summary of the total amount covering all line items must be furnished for each cost element.
 - 2.1.4. If the Offeror has an agreement with a federal, state, or municipal government agency on the use of a Forward Pricing Rates Agreement (FPRA) or other rate agreement for labor, fringe benefits, overhead and/or general and administrative expense, the Offeror must identify the agreement, provide a copy and describe its nature, terms and duration.

3. SPECIFIC COST ELEMENTS:

A well-supported cost/price proposal reduces the effort needed for review and facilitates informed negotiations. The following are the minimum criteria that constitute an acceptable cost/price proposal:

- 3.1 **Direct labor:** A task-phased annual breakdown of labor rates and labor hours by category or skill level, including the basis for the rates and hours estimated (i.e., payroll registers, wage determinations, collective bargaining agreements, historical experience, engineering estimates, etc.).
 - 3.1.1 The Offeror shall use the following Table No. (3.1.1) to exhibit its total labor hours by prime contractor and subcontractor(s). A separate table should be completed for each year (base and out-years).

**Table (1.4)
Example Cost Summary Format**

Note: Provide cost information similar to the above format for each option/out-year

* **Note:** Small, field-based trade providers typically have a labor or combined overhead cost components. Larger, more diversified providers may have separate labor, and/or ODC or combined overhead component.

Note: Do not include wage rates in this table

- 3.1.2 A standard of 40 hours/week, 1,920 hours/year is recommended. If another standard is used, it should be precisely defined. Any deviation from the above labor-hour projection without substantiation may form the basis to reject the response to the RFP. The proposed labor-hours shall include prime contractor, subcontractor and consultant hours.
- 3.1.3 The Offeror shall also submit Table No. (3.1.4.b), depicting the labor mix percentages as proposed for the base year as well as the out-years and should match the personnel experience requirements specified in the RFP, Section **(to be referenced by the Contract Specialist)**, under Personnel Experience. All of the RFP Key positions must be included within the Senior Staff categories. To provide a better understanding of this format, Table No. (3.1.4.a) is provided as an example.
- 3.1.4 The Offeror shall describe how the hourly direct labor rate was derived and indicate whether these rates are subject to any collective bargaining agreement(s), the Service Contract Act (SCA), Davis-Bacon, or any other special agreement which controls the labor rate indicated. When proposing price escalation for option/out-years, the Offerors must follow instructions provided under Economic Price Adjustments, Section H, of this RFP.

Signed Commitment Agreements are required for all individuals with P status. A copy of each agreement is to be inserted behind the resume section in the technical proposal.

- 3.2 **Indirect Costs:** The Offeror shall indicate its proposed Fringe, Overhead and General & Administrative rates for each applicable fiscal or calendar year (as appropriate). The Offeror shall indicate if these rates are subject to a Forward Pricing Rate Agreement. If the proposed Indirect Rates differ from the Forward Pricing Rate Agreement, the Offeror shall provide an explanation. The Offeror shall provide its actual indirect rates for overhead, G&A and fringe benefits for at least the past three (3) years and shall explain the basis for any significant rate difference between the prior three year period and the rates proposed now.
- 3.3 **Other Direct Costs:** Other Direct Costs consists of materials, travel, reproduction, postage, telephone, supplies for the prime and all subcontracted effort. This includes all other direct costs associated with performance of the contract. Travel costs shall be in accordance with GSA Joint Travel Regulations for airfare, hotel, and per diem allowances. All other direct costs should be specifically identified and explained. If an allocated portion of a Direct cost is also included in an Offeror's indirect rate (such as General and Administrative), the Offeror should state so and list the types of expenses included in the indirect rate.
- 3.3.1 The Offeror should identify types, quantities, and costs of all materials and supplies proposed including a non-loaded priced listing of individual materials or supplies ordered, or a consolidated and priced bill of materials for the entire proposal. A thoroughly documented bill of materials includes part numbers, description, unit costs, quantity required, extended cost (including delivery charges) and basis for the proposed cost (price quotation, prior buy, signed purchase orders, etc.) plus any other non-recurring costs. Deliverable materials are items delivered as a part of the work product. Examples of this are copies and binders delivered to the Government as a report or software ordered for and installed on a computer in a District Government office.
- 3.3.2 The Offeror shall use the following Table (3.3.2) to exhibit its total other direct costs (ODC) by prime and subcontractor(s). A separate table should be completed for each year (base and out-years).
