BACKGROUND & PURPOSE

Background

In FY18, DBH served 5,186 substance use clients and 23,259 mental health consumers. According to

the Substance Abuse and Mental Health Services Administration (SAMHSA), relapse is common among individuals treated for SUD highlighting the need for new approaches to SUD [treatment](#). Peer-run, recovery-oriented housing can fill a service gap. These homes offer safe living environments that are free from alcohol and illicit drug use. This allows residents to live with individuals who are also pursuing the goals of recovery and wellness. Recovery residences are places where consumers fit in, have common experiences, and can be authentic without having to explain their addiction or recovery needs.

Recovery residences are increasingly viewed as a viable and cost-effective alternative to established recovery-oriented systems of care, as they provide safe and healthy environments that support residents in their recovery. These communities empower individuals by providing support as they transition towards living independent and productive lives in the community. Recovery Residences offer a unique alternative to harm reduction—a component of the Housing First model—for individuals whose main goal is to find a sober living environment.

This RFA represents an essential component of the work the District is doing through LIVE. LONG. DC. Specifically, Goal 5 in LIVE. LONG. DC. is to “ensure equitable and timely access to high-quality substance use disorder (SUD) treatment and RSS through a network of treatment services” and Strategy 5.7 is to “Improve the quality and quantity of support services (e.g., education, employment, community re-entry, recovery coaching, transportation, dependent care, and housing) that are available to individuals in recovery.”

Purpose

The CSA is issuing this RFA in accordance with the Notice of Funding Availability (NOFA) for the grant program entitled, "Recovery Residences." Applicants will be selected, in a competitive application review process, to establish and manage Recovery Residences for individuals recovering from a SUD/OD.

The specific objectives of the initiative, which the successful applicant under this RFA will be expected to meet are: (1) establish Recovery Residences in the District using National Association of Recovery Residences (NARR) Standards (TABLE A); (2) Develop referral sources and client matching; (3) Provide oversight; and, (4) Fiscal management.

To achieve these objectives, it is anticipated that the applicant will (1) establish target dates for new Recovery Residences to open in the year of the award; (2) explain how the recovery residences will target and support individuals with OUD; and (3) show compliance with NARR standards for Operations and Core Principles for the management, monitoring, and services provided to residents in operated recovery residences. Proposals from applicants who are not public or private not-for-profit organizations will not be accepted.

1. The Grantee shall not start any activity, expend funds, or request reimbursement for expenditures unless there is a fully executed Agreement and purchase order issued by DBH to the Grantee.
2. The start and end dates for the award shall be the project period indicated on the fully executed NOGA, unless amended by the Department of Behavioral Health. The project period is the total time DBH has programmatically approved a project (federal/local) for support.
3. The budget period is usually 12 months long. However shorter or longer budget periods may be established for programmatic or administrative reasons. The budget period will be indicated on the NOGA and will show the total approved budget for the applicable budget period.
4. The Grantee shall provide services and conduct activities for the purpose established by the terms of the Agreement and the authorizing fund source, which is located on the NOGA and purchase order assigned to the award.
5. DBH shall issue a NOGA for each budget period, subject to satisfactory performance of the Grantee, Grantee eligibility and the availability of funding.
6. The project period, budget period and allocations of funding in each period shall be outlined in the NOGA. The fund source (e.g. federal or local funds administered by DBH) will also be stated in the NOGA. The total obligation by DBH under the grant shall not exceed the amount stated as maximum amount for the planned project period. The total award amount shall be apportioned by budget period outlined on the NOGA. The Grantee shall not exceed the amount of the total award that is apportioned to the budget period. The Grantee's spending plan must reflect the funding obligations and approved apportionments for the budget period, unless Grantee submits a written request for a deviation from the spending plan and such request has received approval from the assigned Project Director/delegate. Options years beyond the planned project period shall be considered for this award based only on the availability of source funding, additional funding and the satisfactory performance of the Grantee.
7. The Grantee shall submit an overall budget, including a detailed line item budget for each service area and shall operate programs in accordance with the budget approved by the project director/delegate prior to the issuance of a NOGA.
8. The Grant Agreement shall be subject to the availability of funding and an appropriation for the program or grant funding that is the subject of the grant. The Grant Agreement shall be subject to termination at any time, in whole or in part, if: (1) adequate funds are not made available to DBH or appropriated by DBH for the program in question; or (2) for the convenience of the government should DBH determine that such termination is in the best interest of the public or the government.
9. The Grantee must be eligible for funding at the time the award is issued and maintain eligibility as established by the terms of this Agreement, the Request for Applications and statutory and/or regulatory requirements (local and/or federal).
10. The Grantee must supplement, not replace, deliberately reduce or reallocate (supplant) non-grant funds due to the existence of funding available for this award. Grantees must ensure that funds do not supplant resources that have been budgeted for the same purpose through other sources. Applicants or award recipients may be required to demonstrate and document that a reduction in resources for programs occurred for reasons other than the receipt of grant funds.
11. The Grantee shall establish a system of accounting that ensures that funds awarded under the NOGA are not commingled with other funding sources (i.e., same funding source as another NOGA, similar service area). Where the Grantee's accounting system cannot

comply with this requirement, the Grantee shall establish a system to provide adequate funding accountability for the program.

12. The Grantee shall establish a system of accounting that tracks program income generated through the grant award. All Grantees that generate program income must comply with 45 CFR §§ 216, 307 (as applicable) and report any program income to DBH on all invoices submitted.

To the extent these conflict with the DBH Grant Terms and Conditions, the SAMHSA Award Standard Terms and the HHS Grants Policy Statement control.

Grant Award Contingent on Available Funding

The grant award and DBH's distribution of funds pursuant to the grant award are subject to the availability of funding from the sources identified in the NOGA for the particular grant opportunity or project.

2. The District Anti-Deficiency Act, D.C. Official Code § 47-355.01-355.08; and

This grant shall be subject to termination at any time, in whole or in part, if adequate funds are not made available or appropriated for the program in question.

Grant Match: Projection and Documentation

When documentation of a grant match is required:

1. In support of an application, the applicant must provide a line item budget and budget narrative including the match for the proposed project; and
2. In support of an award, the Grantee must provide the following, which must be acceptable to DBH, unless DBH revises or waives the requirement in writing:
 - a. Documentation of in-kind match, including, for example, services of an employee. These services must be valued at the employee's regular rate of pay plus an amount of fringe benefits that is reasonable, necessary, allocable, and otherwise allowable. The value of donated space must not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately owned building in the same locality.

Bonding Requirements

A bond is not required of the Grantee unless DBH states the requirement in writing. If DBH does require a bond, the Grantee before accepting the grant must secure the bond in an amount no less than the total amount of the funds awarded, against losses of money and other property:

1. Caused by fraudulent or dishonest act, and
2. Committed by an employee, board member, officer, partner, shareholder, or trainee.

Payment

1. The Grantee will be compensated for work performed and expenses incurred of a sum not to exceed the total amount contained in the NOGA or any official revision to it.
2. DBH will not reimburse the Grantee for grant-related expenditures made before the begin date.
3. The Grantee may submit its invoices for grant-related reimbursement according to the fund disbursement schedule as stated in the NOGA. Invoices must be sent through the appropriate portal as stated in the NOGA and the related District "Purchase Order."
4. The Grantee's accounting practices must be consistent with 45 CFR Subpart E, Cost Principles and support the accrual of cost as required by the cost principles and must provide for adequate documentation to support cost charged to the grant award.
5. The Grantee's payment request must include a signed invoice on organization letterhead with federal tax identification number and supporting documentation. The submittal to DBH must include:
 - a. For employee labor: For the relevant billing period, a payroll report, with information drawn from an official book of record, like a payroll register, official time sheet or time card(s) approved by appropriate Grantee representative.
 - b. For other expenditures: Expenditures must be supported by invoices or receipts.
6. The Grantee must keep backup documentation, to show:
 - a. For Grantee AND any Grantee contractor or sub-grantee:
 - i. For labor: the official books and records information showing employee name, title, hours worked that are charged to the grant, and pay rate for the period (typically like a payroll register, official time sheet or time card(s)); and,
 - ii. For non-labor: invoices and receipts that identify or describe the invoiced item, showing quantity, rate or price, and for procured items including contractor and sub-grantee invoices, proof of payment.
7. In most circumstances, DBH will require documents supporting an accounting entry before releasing payment. Such information may include:
 - a. General ledger screen shots or excerpts, showing paid bills or expenditures;
 - b. Copies of cancelled checks or bank statements of electronic transfers;
 - c. Statements from contractor, subcontractor and vendors that their bills have been paid; or
 - d. Reports of on-site inspections or audits.
8. In certain circumstances, and at DBH's sole discretion according to its policy, DBH may provide a portion of grant funds for the Grantee's start-up costs as an advance payment.
9. Notwithstanding the above, DBH at its sole discretion may withhold payment if DBH determines that the Grantees failed to comply with term[s] of the grant award.

Fund Disbursement

1. DBH reserves the right to withhold any payment if the Grantee is found in non-compliance with the DBH Notice of Grant Award or the Grant Agreement, and fails to correct any deficiencies within a reasonable time frame as determined by DBH. DBH shall determine the extent of the payment to be withheld under this provision.
2. Deposit and Security of Funds - The Grantee shall account for and reimburse the District Government any interest earned on advance grant award payments no later than twenty (20) business days from the end of each DC Government Fiscal Year (September 30) and no later than thirty (30) business days after the expiration of the Grant Agreement. All payments shall

- be made by check or money order made payable to the "D.C. Treasurer" and mailed to Office of Finance & Treasury, 1101 4th Street, SW, Suite 850W, Washington, DC 20024.
3. The Grantee shall submit expenditure reports and requests for payment in accordance with the terms and options outlined in the Fund Disbursement Schedule and Terms.

Unethical Conduct

1. The Applicant/Grantee shall avoid all unethical conduct with respect to securing and administering granted funds, with ethical conduct to be measured generally, but not wholly, against the provisions of the District Ethics Manual (most recent edition as of the time the grant is awarded), found at www.bega.dc.gov, under the heading for documents.
2. Though not an exhaustive list, the Grantee shall avoid the following:
 - a. Apparent and actual conflicts of interest;

 - d. No Applicant/Grantee shall employ or retain a person or selling agency to solicit or secure this grant, a payment under it, or an amendment, upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee. Except, an applicant or grantee may condition its compensation for a bona fide employee on grant-related job performance, and may retain an attorney for compensation permitted by the District's Rules of Professional Conduct; and
 - e. With respect to grant funds, the Grantee and Grantee's employees, officers, or agents shall not solicit or accept a gift, gratuity, favor, or anything of monetary value from a contractor, subcontractor, vendor, party to a related agreement, or a beneficiary of this grant except as may be allowed under the District Ethics Manual for items that are unsolicited and of nominal value.

Contracts, Subcontracts, or Sub-Grants

1. **Nothing in the Grant award shall be construed to create a contractual relationship between DBH and Grantee's contractor, subcontractor, sub-grantee, or vendor.**
2. Any grant-related work and/or activity that is contracted, subcontracted, or sub-granted is subject to applicable District and federal law and DBH review and approval. The Grantee shall give DBH advance notice of contracts, subcontracts, and sub-grants sufficient to allow DBH to determine whether its approval is needed, and if so, whether approval must come before Grantee's execution of the contract or sub-grant.
3. The Grantee's contract or sub-grant shall specify that the contractor or sub-grantee, and its contractors, subcontractors, or sub-grantees, shall be subject to the conditions and prohibitions of the Grant Award.
4. Warranties for labor and materials shall be obtained for purchases of materials and labor having an aggregate value of over \$5,000. These warranties shall be valid for at least two (2) years. DBH may waive this requirement in writing for demonstration of good cause or research grants.
5. If the Grantee, its contractors, subcontractors, or sub-grantees disturbs work guaranteed under another District contract or grant, the Grantee shall be responsible to restore the disturbed work to a condition comparable to its original condition and warranty such restored work, or alternatively pay the District for the damage.

Establishing and Managing Sub-Awards

If the Grant authorizes or provides for sub-awards, as a pass-through entity, the Grantee must:

1. Be responsible for selecting sub-awardees and as appropriate conducting sub-award competitions. 2. Funds disbursed in a non-competitive manner may be disallowed and appropriate grant management sanctions issued.
3. The Grantee will submit for approval any Requests for Proposal or Requests for Applications before released.
4. The Grantee will submit for approval the unsolicited grant submission process before it is announced.
5. The Grantee shall ensure that all sub-award agreements are in writing, meet all legal and regulatory requirements and address all of the elements for sub-award agreements identified in the NOGA.
6. The Grantee shall establish and follow a system for monitoring sub-awardee performance that includes elements required by the grant award, the SAMHSA grant award (if applicable) and this Appendix, and report the results of the monitoring in performance reports required by this document and/or the grant award.
7. The Grantee shall establish and maintain an accounting system that ensures compliance with the maximum funding limitation established in the grant award, the SAMHSA grant award (if applicable) and with the requirements for payment of costs under the grant. This includes establishment of written procedures for determining that sub-award costs are allowable under the terms and conditions of the grant award and this Appendix, and may provide for determinations on a pre-award basis, through ongoing monitoring of costs that sub-grantees incur, or a combination of both approaches, provided the Grantee documents its determinations.

Modifications of the Grant, including Extensions and Increases

The terms and conditions of the grant may be modified only upon DBH's prior written approval. The modification shall take the form of an amendment to the NOGA.

1. Through an amendment, DBH may, *inter alia*, increase or reduce the grant amount and/or extend or reduce the project period.
2. If DBH notifies the Grantee that a funding increase or an extension of the project period is available, the Grantee must apply for the increase or extension in writing according to the terms of the DBH notification.
3. All grantees must apply for no-cost extensions sixty (60) calendar days in advance of the grant's then-current end date. The application must justify the amendment, and include a description of proposed changes to scope, performance schedule, description of proposed outcomes, and budget.

Staffing Plan, Work Plan, Budgets and Organizational/Personnel Requirements

Upon signing the Grant Agreement, the Grantee shall have and maintain on file with DBH an approved staffing plan, work plan and budget. The Grantee must implement the funded program in accordance with requirements outlined in approved staffing plan, budgets and work plans. Any revision or alteration of these plans must have prior approval by the Project Director or his/her designee. Further:

1. The Grantee shall maintain a current organizational chart, which displays organizational relationships and demonstrates who has responsibility for administrative oversight and supervision over each priority service activity.
2. The Grantee shall ensure that adequate, competent and trained personnel are provided to oversee the implementation of the activities supported by the grant.
3. The Grantee shall ensure that personnel records, background checks (if applicable under the governing statutes or regulations), job descriptions, application for employment, licensing or certification criteria, descriptions of duties, hours of work, salary range and performance evaluation criteria are maintained in individual personnel records for staff assigned to the funded project.
4. The Grantee must maintain record of personnel actions, including time records, documentation of all training received, notation of any allegations of professional or other misconduct including a detailed description of the allegations, and if terminated, the date and reason for the termination from employment. All these personnel materials shall be made available to the Project Director upon request.
5. The Grantee shall provide orientation session for staff members that addresses the Health Information Portability and Accountability Act (HIPAA), the D.C. Mental Health Information Act (D.C. Code § 7-1201.01 *et seq.*), 42 CFR Part 2 (if applicable), administrative procedures, program goals, cultural sensitivity, language access, conflict of interest, workplace sexual harassment policies and policies and procedures to be adhered to under the terms of the grant Agreement.
6. The Grantee must notify the Project Director if there is a change in staffing or operations management of the organization that impacts the project funded under the Agreement.
7. The Grantee shall seek approval of any changes in staffing plans or job descriptions for staff assigned to the grant.

Profit and Program Income Requirements for Commercial Organization Grantees

All commercial organizations awarded DBH sub-grants funded in whole or part by the United States Department of Health and Human Services (HHS) shall comply with 45 CFR § 75.216 and any other applicable federal or District law or regulation governing profit and program income. Specifically, with the exceptions of grant awards made under the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs, no HHS funds may be paid as profit to any for[-profit] commercial organization even if the grantee is a commercial organization. Profit is any amount in excess of allowable direct and indirect costs.

Except for grants for research, program income earned by a commercial organization may not be used to further eligible project or program objectives except in the SBIR or STTR programs.

Commercial organizations that receive awards (including for-profit hospitals) have two options regarding audits:

- (a) A financial related audit of a particular award in accordance with Generally Accepted Government Auditing Standards issued by the Comptroller General of the United States, in those cases where the commercial organization receives awards under only one HHS program; or if awards are received under multiple HHS programs, a financial audit of all awards in accordance with Generally Accepted Government Auditing Standards issues by the Comptroller General of the United States; or
- (b) An audit that meets the requirements of 45 CFR Subpart F.

Commercial organizations that receive annual awards totaling less than the audit requirements of 45 CFR Subpart F are exempt from the audit requirements for that year. However, records must be available for review by appropriate officials of federal agencies or the Government Accountability Office.

Profit and Program Income Requirements for Non-Federal Entities

Pursuant to 45 CFR §§ 75.2, 75.307, a non-federal entity (a state, Local government, Indian tribe, institution of higher education (IHE) or nonprofit organization that carries out a federal reward as a recipient or a sub-recipient) is encouraged to earn income to defray program costs where appropriate. All non-federal entities in receipt of sub-grants funded in whole or part by HHS must adhere to the requirements of 45 CFR §§ 75.307, 75.407 concerning program income.

Indirect Cost

Facilities and Administration Classification. For major IHEs and major nonprofit organizations, indirect (F&A) costs must be classified within two broad categories: "Facilities" and "Administration." "Facilities" is defined as depreciation on buildings, equipment and capital improvement, interest on debt associated with certain buildings, equipment and capital improvements, and operations and maintenance expenses. "Administration" is defined as general administration and general expenses such as the director's office, accounting, personnel and all other types of expenditures not listed specifically under one of the subcategories of "Facilities" (including cross allocations from other pools, where applicable).

Identification with a Federal award rather than the nature of the goods and services involved is the determining factor in distinguishing direct from indirect (F&A) costs of Federal awards. However, typical examples of indirect (F&A) cost for many nonprofit organizations may include depreciation on buildings and equipment, the costs of operating and maintaining facilities, and

general administration and general expenses, such as the salaries and expenses of executive officers, personnel administration, and accounting.

Any non-Federal entity that has never received a negotiated indirect cost rate, may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in 45 CFR§ 75.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.

Any non-Federal entity that has a current federally negotiated indirect cost rate may apply for a one-time extension of the rates in that agreement for a period of up to four years. This extension will be subject to the review and approval of the cognizant agency for indirect costs. If an extension is granted the non-Federal entity may not request a rate review until the extension period ends. At the end of the 4-year extension, the non-Federal entity must re-apply to negotiate a rate. Subsequent one-time extensions (up to four years) are permitted if a renegotiation is completed between each extension request.

APPENDIX C – PROGRAM INCOME AND FINANCIAL DISCLOSURE

What is Program Income?

Program income means gross income earned by the non-Federal entity that is directly generated by a supported activity earned as a result of the Federal award during the period of performance. Program income includes but is not limited to income from fees for services performed, the use or rental of real or personal property acquired under Federal awards, the sale of commodities or items fabricated under a Federal award, license fees and royalties on patents and copyrights, and principal and interest on loans made with Federal award funds. Interest earned on advances of Federal funds is not program income.

The Department of Behavioral Health (DBH) requires sub-grantees to identify and document program income on projects/services. The nature of this income must be appropriately documented and the resulting revenue properly recorded. All sub-grantees should be aware of how program income will be used and reported due to a possible impact on the scope of work of the award.

Program income must be utilized in a manner that is allocable, allowable, and reasonable to the project. Expenses that are unallowable on the main project are also unallowable on the program income account.

The DBH Fiscal Monitor will review all budgets and budget modifications and flag any activity/service that has a potential to generate income with the Project Director and sub-grantee. Any flagged activity/service will be reviewed by the fiscal monitor and project director monthly, no less than quarterly with the sub-grantee.

Procedure for Monitoring Program Income:

- Sub-grantee identifies program income activity/service.
- Program income account is established by the sub-grantee.
- Revenue is received and deposited into the program income account.
- The sub-grantee certifies receipt of program income to Fiscal Monitor and Project Director through DBH Program Income Reporting Worksheet monthly, no less than quarterly.
- Fiscal monitor reviews the Income Reporting Worksheet and supporting documentation with the Project Director. A reconciliation is performed with supporting documentation and DBH data systems such as, DATA WITS.
- DBH reports to applicable Federal agency a summary of all sub-grantees that accrued program income and the amount.
