

Bulletin ID: No. 21 - New Community-Based Intervention (CBI) Service Line

A new CBI service line has been added to eCura for use with the provider Youth Villages. The new service line is “MH-CBI MST-CBI MST DMH21.” An authorization plan for Youth Villages should include BOTH “MH-H-CBI-H-CBI-H2022” AND “MH-CBI MST-CBI MST DMH21.” The DMH21 service line should be one unit for every day. If the intervention is for 90 days, DMH21 should be 90 units.

This additional service line should ONLY be added for Youth Villages/MST and not to any other provider.
