Bulletin ID: No. 39 - Utility to Read the 835

Below is the URL to download the "Medicare Remit Easy Print" application, which will allow providers to read in the 835 that the Department of Mental Health places in your download folders and run reports to assist you with posting payments. The 835 once leaded into the EC program will appear in a very readable format.

Utility to Read 835 (Medicare Remit Easy Print)
