- I.11.1.6** “Subcontract,” as used in this clause, means a Contract or contractual action entered into by a prime Contractor or subcontractor for the purpose of obtaining supplies, materials, equipment, or services of any kind under a prime Contract.
- I.11.1.7** “Subcontractor,” as used in this clause, means any person, other than the prime Contractor, who offers to furnish or furnishes any supplies, materials, equipment, or services of any kind under a prime Contract or a subcontract entered into in connection with such prime Contract, and includes any person who offers to furnish or furnishes general supplies to the prime Contractor or a higher tier subcontractor.
- I.11.1.8** “Subcontractor employee,” as used in this clause, means any officer, partner, employee, or agent of a subcontractor.
- I.11.2** The Anti-Kickback Act of 1986, 41 U.S.C. §§ 51-58 (the Act), prohibits any person from:
- I.11.2.1** Providing or attempting to provide or offering to provide any kickback;
- I.11.2.2** Soliciting, accepting, or attempting to accept any kickback; or

I.11.2.3 Including, directly or indirectly, the amount of any kickback in the Contract price charged by a prime Contractor to the District or in the Contract price charged by a subcontractor to a prime Contractor or higher tier subcontractor.

I.11.3 The Contractor shall have in place and follow reasonable procedures designed to prevent and detect possible violations described in paragraph I.11.2.2 of this clause in its own operations and direct business relationships.

I.11.4 When the Contractor has reasonable grounds to believe that a violation described in paragraph I.11.2.2 of this clause may have occurred, the Contractor shall promptly report in writing the possible violation to the Director/ACCO.

I.11.5 The Director/ACCO may offset the amount of the kickback against any monies owed by the District under the prime Contract and/or direct that the prime Contractor withhold from sums owed a subcontractor under the prime Contract the amount of the kickback. The Director/ACCO may order that monies withheld under this clause be paid over to the District unless the District has already offset those monies under this clause. In either case, the prime Contractor shall notify the Director/ACCO when the monies are withheld.

I.12 RIGHTS IN DATA

I.12.1 “Data,” as used herein, means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to Contract administration, such as financial, administrative, cost or pricing, or management information.

I.12.2 The term “Technical Data”, as used herein, means recorded information, regardless of form or characteristic, of a scientific or technical nature. It may, for example, document research, experimental, developmental or engineering work, or be usable or used to define a design or process or to procure, produce, support, maintain, or operate material. The data may be graphic or pictorial delineations in media such as drawings or photographs, text in specifications or related performance or design type documents or computer printouts. Examples of technical data include research and engineering data, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information, and computer software documentation. Technical data does not include computer software or financial, administrative, cost and pricing, and management data or other information incidental to Contract administration.

I.12.3 The term “Computer Software”, as used herein means computer programs and computer databases. “Computer Programs”, as used herein means a series of instructions or statements in a form acceptable to a computer, designed to cause the computer to execute an operation or operations. "Computer Programs" include operating systems, assemblers, compilers, interpreters, data management systems, utility programs, sort merge programs, and automated data processing

equipment maintenance diagnostic programs, as well as applications programs such as payroll, inventory control and engineering analysis programs. Computer programs may be either machine-dependent or machine-independent, and may be general purpose in nature or designed to satisfy the requirements of a particular user.

I.12.4 The term "computer databases", as used herein, means a collection of data in a form capable of being processed and operated on by a computer.

I.12.5 All data first produced in the performance of this Contract shall be the sole property of the District. The Contractor hereby acknowledges that all data, including, without limitation, computer program codes, produced by the Contractor for the District under this Contract, are works made for hire and are the sole property of the District; but, to the extent any such data may not, by operation of law, be works made for hire, Contractor hereby transfers and assigns to the District the ownership copyright in such works, whether published or unpublished. The Contractor agrees to give the District all assistance reasonably necessary to perfect such rights including, but not limited to, the works and supporting documentation and the execution of any instrument required to register copyrights. The Contractor agrees not to assert any rights in common law or in equity in such data. The Contractor shall not publish or reproduce such data in whole or in part or in any manner or form, or authorize others to do so, without written consent of the District until such time as the District may have released such data to the public. The District shall not unreasonable withhold consent to the Contractor's request to publish or reproduce data in professional and scientific publications.

I.12.6 The District shall have restricted rights in data, including computer software and all accompanying documentation, manuals and instructional materials, listed or described in a license or agreement made a part of this Contract, which the parties have agreed shall be furnished with restricted rights, provided however, not withstanding any contrary provision in any such license or agreement, such restricted rights shall include, as a minimum the right to:

I.12.6.1 Use the computer software and all accompanying documentation and manuals or instructional materials with the computer for which or with which it was acquired, including use at any District installation to which the computer may be transferred by the District;

I.12.6.2 Use the computer software and all accompanying documentation and manuals or instructional materials with a backup computer if the computer for which or with which it was acquired is inoperative;

I.12.6.3 Copy computer programs for safekeeping (archives) or backup purposes; and

I.12.6.4 Modify the computer software and all accompanying documentation and manuals or instructional materials, or combine it with other software,

subject to the provision that the modified portions shall remain subject to these restrictions.

I.12.7 The restricted rights set forth in Section I.12.6 are of no effect unless:

- i) The data is marked by the Contractor with the following legend:

RESTRICTED RIGHTS LEGEND

Use, duplication, or disclosure is subject to restrictions stated in Contract No. _____ With _____ (Contractor's Name); and

- ii) If the data is computer software, the related computer software documentation includes a prominent statement of the restrictions applicable to the computer software. The Contractor may not place any legend on the computer software indicating restrictions on the District's rights in such software unless the restrictions are set forth in a license or agreement made a part of the Contract prior to the delivery date of the software. Failure of the Contractor to apply a restricted rights legend to such computer software shall relieve the District of liability with respect to such unmarked software.

I.12.8 In addition to the rights granted in Section I.12.9 below, the Contractor hereby grants to the District a nonexclusive, paid-up license throughout the world, of the same scope as restricted rights set forth in Section I.12.9 below, under any copyright owned by the Contractor, in any work of authorship prepared for or acquired by the District under this Contract. Unless written approval of the Contracting Officer is obtained, the Contractor shall not include in technical data or computer software prepared for or acquired by the District under this Contract any works of authorship in which copyright is not owned by the Contractor without acquiring for the District any rights necessary to perfect a copyright license of the scope specified in this paragraph.

I.12.9 Whenever any data, including computer software, are to be obtained from a subcontractor under this Contract, the Contractor shall use Section I.12.5 in the subcontract, without alteration, and no other clause shall be used to enlarge or diminish the District's or the Contractor's rights in that subcontractor data or computer software which is required for the District.

I.12.10 For all computer software furnished to the District with the rights specified in Section I.12.5, the Contractor shall furnish to the District a copy of the source code with such rights of the scope specified in Section I.12.5. For all computer software furnished to the District with the restricted rights specified in Section I.12.6, the District, if the Contractor, either directly or through a successor or affiliate shall cease to provide the maintenance or warranty services provided the District under this Contract or any paid-up maintenance agreement, or if Contractor should be declared bankrupt or insolvent by the court if competent jurisdiction, shall have the right to obtain, for its own and sole use only, a single copy of the then current version of the source code supplied under this Contract,

and a single copy of the documentation associated therewith, upon payment to the person in control of the sources code the reasonable cost of making each copy.

I.12.11 The Contractor shall indemnify and save and hold harmless the District, its officers, agents and employees acting within the scope of their official duties against any liability, including costs and expenses for the following:

I.12.11.1 Violation of proprietary rights, copyrights, or rights of privacy, arising out of the publication, translation, reproduction, delivery, performance, use or disposition of any data furnished under this Contract; or

I.12.11.2 Based upon any data furnished under this Contract, or based upon libelous or other unlawful matter contained in such data.

I.12.12 Nothing contained in this clause shall imply a license to the District under any patent, or be construed as affecting the scope of any license or other right otherwise granted to the District under any patent.

I.12.13 Sections I.12.6, I.12.7, I.12.8, I.12.11 and I.12.12 in this clause are not applicable to material furnished to the Contractor by the District and incorporated in the work furnished under Contract, provided that such incorporated material is identified by the Contractor at the time of delivery of such work.

I.13 SUSPENSION OF WORK

I.13.1 The Director/ACCO may order the Contractor, in writing, to suspend, delay, or interrupt all or any part of the work of this Contract for the period of time that the Director/ACCO determines appropriate for the convenience of the District. If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed or interrupted by an act of the Director/ACCO in the administration of this Contract, or by the Director/ACCO's failure to act within the time specified in this Contract (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this Contract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the Contract modified in writing accordingly.

I.13.2 No adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an equitable adjustment is provided for or excluded under any other term or condition of this Contract.

I.13.3 A claim under this clause shall not be allowed for any costs incurred more than twenty (20) days before the Contractor shall have notified the Director/ACCO in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the

suspension, delay, or interruption, but not later than the date of final payment under the Contract.

I.14 ORDER OF PRECEDENCE

A conflict in language or any other inconsistencies in this Contract shall be resolved by giving precedence to the document in the highest order of priority which contains language addressing the issue in question. The following sets forth in descending order of precedence, documents that are hereby incorporated into this Contract by reference and made part of the Contract:
