SECTION C
DESCRIPTION/SPECIFICATIONS/STATEMENT OF WORK

C.1 BACKGROUND:

Youth Mental Health First Aid (YMHFA) is a public education program which introduces participants to the unique risk factors and warning signs of mental health problems in adolescents, builds understanding of the importance of early intervention, and most importantly, teaches individuals how to help a youth in crisis or experiencing a mental health or substance use challenge. YMHFA uses role-playing and simulations to demonstrate how to assess a mental health crisis; select interventions and provide initial help; and connect young people to professional, peer, social and self-help care.

The National Council for Behavioral Healthcare (NCBH) is a not-for-profit 501(c)(3) association representing 1,800 organizations that provide behavioral health treatment and rehabilitation. Mental Health First Aid and Youth Mental Health First Aid are the major initiatives. The NCBH, the Maryland State Department of Health and Mental Hygiene (DHMH) and the Missouri Department of Mental Health (DMH) worked with the program's founders to bring Mental Health First Aid and now Youth Mental Health First Aid to the United States. The Maryland State Department of Health and Mental Hygiene and the Missouri Department of Mental Health are the authorities on Mental Health First Aid in their respective states, while the National Council for Behavioral Health (NCBH) is the authority for the rest of the nation. All YMHFA instructors must be trained and certified through the NCBH or the Maryland DHMH or Missouri DMH. These three (3) entities have chosen to combine their certified instructor list on a common website: www.mentalhealthfirstaid.org

The DC Gateway project is the Substance Abuse and Mental Health Services Administration (SAMHSA) funded grant to expand and strengthen the System of Care for children/youth with Serious Emotional Disturbance and their families or children/youth at risk of mental health concerns. The goals of the project are: to increase awareness of mental health concerns; decrease the stigma surrounding mental health; and increase awareness of the behavioral health services available in the District. Toward these goals, a Contractor is sought to provide coordinating and scheduling multiple YMHFA trainings and providing outreach to develop additional trainings.

C.2 SCOPE OF WORK:

The Department of Behavioral Health (DBH) is seeking a Contractor to provide scheduling and coordination of YMHFA trainings to a broad, culturally diverse groups of community members who spend time during their work or personal lives with adolescents and young adults. This may include parents, caregivers and non-mental health service providers in both community organizations and DC agencies who work with the youth throughout the District of Columbia. In addition, the Contractor shall be responsible for outreach to the community to broaden community members to whom the training is offered.

Trainings may be scheduled during the work day, in the evening or on the weekends depending upon the needs of the group(s) to be trained. The Contractor shall be present at the beginning of each training to provide oversight of training room set-up and initiation of training.

The Contractor shall contact instructors to schedule assignments for identified training dates as well as make efforts to arrange for a co-instructor. The Contractor shall facilitate coordination between the co-instructors to support pre-training planning and coordination. The Contractor shall identify and schedule the lead instructor responsible for materials pick-up, entering of data in the National Council Database and return of materials to DBH.
- C.3.4** The Contractor shall establish a registration process that is reviewed and approved by the Contracting Officer Technical Representative identified in Section G.8. This process shall include data collection (name, contact information such as phone and email address), organizational association, job title (if appropriate) and shall be submitted to the COTR monthly.
- C.3.5** The Contractor shall contact organizations and/or registered individuals 72 hours prior to the scheduled training date to confirm organizational registration or individual participation. Email reminders shall be sent to all participants.
- C.3.6** The Contractor must have the flexibility to perform required duties Monday – Saturday including some evening hours and shall be available to arrive at the beginning of trainings to provide oversight of training setup.
- C.3.7** If required, the Contractor shall arrange for appropriate meeting space. Training space shall be convenient to public transportation within the District of Columbia and large enough for up to thirty (30) participants to sit comfortably and have sufficient space for the participants to move around for the various role plays. The space shall be conducive to training, including but not limited to appropriate lighting, temperatures and minimal distractions. (NOTE: Some training groups may provide their own training space but others will need space arranged by the Contractor.)

- C.3.8** The Contractor shall provide and/or reserve and confirm access to training equipment and supplies including laptop with the capability to play a DVD, projector, screen, external speakers, flip charts, markers and pens.
- C.3.9** The Contractor shall follow-up with lead instructors to ensure that the training evaluation survey at the end of each course has been entered in the National Council database and shall provide the COTR the original survey forms and the list of successful participants. Copies of the survey instrument shall be provided by DBH.
- C.3.10** As a component of the coordination, the Contractor shall provide instructors with information on the mental health service resources available in the District and how to access those services.
- C.3.11** The Contractor shall maintain weekly communication with the Social Marketing Specialist to provide an update of planned activities and receive any additional direction regarding trainings and community outreach.

- I.11.5** The Director/ACCO may offset the amount of the kickback against any monies owed by the District under the prime Contract and/or direct that the prime Contractor withhold from sums owed a subcontractor under the prime Contract the amount of the kickback. The Director/ACCO may order that monies withheld under this clause be paid over to the District unless the District has already offset those monies under this clause. In either case, the prime Contractor shall notify the Director/ACCO when the monies are withheld.

I.12 RIGHTS IN DATA

- I.12.1** “Data,” as used herein, means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to Contract administration, such as financial, administrative, cost or pricing, or management information.
- I.12.2** The term “Technical Data”, as used herein, means recorded information, regardless of form or characteristic, of a scientific or technical nature. It may, for example, document research, experimental, developmental or engineering work, or be usable or used to define a design or process or to procure, produce, support, maintain, or operate material. The data may be graphic or pictorial delineations in media such as drawings or photographs, text in specifications or related performance or design type documents or computer printouts. Examples of technical data include research and engineering data, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information, and computer software documentation. Technical data does not include computer software or financial, administrative, cost and pricing, and management data or other information incidental to Contract administration.
- I.12.3** The term “Computer Software”, as used herein means computer programs and computer databases. “Computer Programs”, as used herein means a series of instructions or statements in a form acceptable to a computer, designed to cause the computer to execute an operation or operations. "Computer Programs" include operating systems, assemblers, compilers, interpreters, data management systems, utility programs, sort merge programs, and automated data processing equipment maintenance diagnostic programs, as well as applications programs such as payroll, inventory control and engineering analysis programs. Computer programs may be either machine-dependent or machine-independent, and may be general purpose in nature or designed to satisfy the requirements of a particular user.
- I.12.4** The term "computer databases", as used herein, means a collection of data in a form capable of being processed and operated on by a computer.

- I.12.5** All data first produced in the performance of this Contract shall be the sole property of the District. The Contractor hereby acknowledges that all data, including, without limitation, computer program codes, produced by the Contractor for the District under this Contract, are works made for hire and are the sole property of the District; but, to the extent any such data may not, by operation of law, be works made for hire, Contractor hereby transfers and assigns to the District the ownership copyright in such works, whether published or unpublished. The Contractor agrees to give the District all assistance reasonably necessary to perfect such rights including, but not limited to, the works and supporting documentation and the execution of any instrument required to register copyrights. The Contractor agrees not to assert any rights in common law or in equity in such data. The Contractor shall not publish or reproduce such data in whole or in part or in any manner or form, or authorize others to do so, without written consent of the District until such time as the District may have released such data to the public. The District shall not unreasonable withhold consent to the Contractor's request to publish or reproduce data in professional and scientific publications.
- I.12.6** The District shall have restricted rights in data, including computer software and all accompanying documentation, manuals and instructional materials, listed or described in a license or agreement made a part of this Contract, which the parties have agreed shall be furnished with restricted rights, provided however, not withstanding any contrary provision in any such license or agreement, such restricted rights shall include, as a minimum the right to:
- I.12.6.1** Use the computer software and all accompanying documentation and manuals or instructional materials with the computer for which or with which it was acquired, including use at any District installation to which the computer may be transferred by the District;
 - I.12.6.2** Use the computer software and all accompanying documentation and manuals or instructional materials with a backup computer if the computer for which or with which it was acquired is inoperative;
 - I.12.6.3** Copy computer programs for safekeeping (archives) or backup purposes; and
 - I.12.6.4** Modify the computer software and all accompanying documentation and manuals or instructional materials, or combine it with other software, subject to the provision that the modified portions shall remain subject to these restrictions.
- I.12.7** The restricted rights set forth in Section I.12.6 are of no effect unless:
- i) The data is marked by the Contractor with the following legend:

RESTRICTED RIGHTS LEGEND

Use, duplication, or disclosure is subject to restrictions stated in Contract No. _____ With _____ (Contractor's Name); and

- ii) If the data is computer software, the related computer software documentation includes a prominent statement of the restrictions applicable to the computer software. The Contractor may not place any legend on the computer software indicating restrictions on the District's rights in such software unless the restrictions are set forth in a license or agreement made a part of the Contract prior to the delivery date of the software. Failure of the Contractor to apply a restricted rights legend to such computer software shall relieve the District of liability with respect to such unmarked software.

- I.12.8** In addition to the rights granted in Section I.12.9 below, the Contractor hereby grants to the District a nonexclusive, paid-up license throughout the world, of the same scope as restricted rights set forth in Section I.12.9 below, under any copyright owned by the Contractor, in any work of authorship prepared for or acquired by the District under this Contract. Unless written approval of the Contracting Officer is obtained, the Contractor shall not include in technical data or computer software prepared for or acquired by the District under this Contract any works of authorship in which copyright is not owned by the Contractor without acquiring for the District any rights necessary to perfect a copyright license of the scope specified in this paragraph.
- I.12.9** Whenever any data, including computer software, are to be obtained from a subcontractor under this Contract, the Contractor shall use Section I.12.5 in the subcontract, without alteration, and no other clause shall be used to enlarge or diminish the District's or the Contractor's rights in that subcontractor data or computer software which is required for the District.
- I.12.10** For all computer software furnished to the District with the rights specified in Section I.12.5, the Contractor shall furnish to the District a copy of the source code with such rights of the scope specified in Section I.12.5. For all computer software furnished to the District with the restricted rights specified in Section I.12.6, the District, if the Contractor, either directly or through a successor or affiliate shall cease to provide the maintenance or warranty services provided the District under this Contract or any paid-up maintenance agreement, or if Contractor should be declared bankrupt or insolvent by the court if competent jurisdiction, shall have the right to obtain, for its own and sole use only, a single copy of the then current version of the source code supplied under this Contract, and a single copy of the documentation associated therewith, upon payment to the person in control of the sources code the reasonable cost of making each copy.
- I.12.11** The Contractor shall indemnify and save and hold harmless the District, its officers, agents and employees acting within the scope of their official duties against any liability, including costs and expenses for the following:

- I.12.11.1** Violation of proprietary rights, copyrights, or rights of privacy, arising out of the publication, translation, reproduction, delivery, performance, use or disposition of any data furnished under this Contract; or
- I.12.11.2** Based upon any data furnished under this Contract, or based upon libelous or other unlawful matter contained in such data.
- I.12.12** Nothing contained in this clause shall imply a license to the District under any patent, or be construed as affecting the scope of any license or other right otherwise granted to the District under any patent.
- I.12.13** Sections I.12.6, I.12.7, I.12.8, I.12.11 and I.12.12 in this clause are not applicable to material furnished to the Contractor by the District and incorporated in the work furnished under Contract, provided that such incorporated material is identified by the Contractor at the time of delivery of such work.

I.13 SUSPENSION OF WORK

- I.13.1** The Director/ACCO may order the Contractor, in writing, to suspend, delay, or interrupt all or any part of the work of this Contract for the period of time that the Director/ACCO determines appropriate for the convenience of the District. If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed or interrupted by an act of the Director/ACCO in the administration of this Contract, or by the Director/ACCO's failure to act within the time specified in this Contract (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this Contract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the Contract modified in writing accordingly.
- I.13.2** No adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an equitable adjustment is provided for or excluded under any other term or condition of this Contract.
- I.13.3** A claim under this clause shall not be allowed for any costs incurred more than twenty (20) days before the Contractor shall have notified the Director/ACCO in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the Contract.
